

SUBCHAPTER 33. LOW-INCOME HOUSING TAX CREDIT QUALIFIED ALLOCATION PLAN

5:80-33.1 Introduction

(a) Section 42 of the Internal Revenue Code of 1986 (Code), 26 U.S.C. § 42, establishes a low-income housing tax credit that may be applied against the Federal income tax of persons or associations who or which have invested in certain buildings providing housing for families of low-income. As the housing credit agency for the State of New Jersey, the New Jersey Housing and Mortgage Finance Agency (NJHMFA) allocates these credits to qualified taxpayers and thereafter monitors their compliance with Section 42 of the Code. The rules in this subchapter set forth the standards and procedures used by NJHMFA to perform its allocation and monitoring responsibilities and this subchapter represents the qualified allocation plan for New Jersey required by Section 42 of the Code.

(b) In each calendar year, the total dollar value of the credits that can be allocated pursuant to this subchapter, except for the credits issued in connection with buildings financed with the proceeds of certain tax-exempt bonds, is limited by the State housing credit ceiling provided at Section 42 of the Code. NJHMFA, therefore, has determined to award these limited credits on a competitive basis. Applicants seeking an allocation of these credits must apply pursuant to one of the cycles set forth at N.J.A.C. 5:80-33.4, 33.5, or 33.6. NJHMFA ranks the applications received in each cycle according to the respective point scales provided at N.J.A.C. 5:80-33.15, 33.16, and 33.17. The credits assigned to each cycle are then reserved for the highest-ranking applications that meet the eligibility requirements set forth at N.J.A.C. 5:80-33.12.

(c) Credits issued in connection with buildings financed with the proceeds of tax-exempt bonds subject to the volume cap restrictions provided at Section 42(h)(4) of the Code are not limited by the State housing credit ceiling and, therefore, are not allocated on a competitive basis. Applicants seeking such “volume cap tax credits” are directed to the provisions at N.J.A.C. 5:80-33.9.

(d) Every applicant shall comply with the requirements of this subchapter and ensure that any application presented to NJHMFA is clear, unambiguous, and complete in all respects at the time of submission.

(e) These rules shall be construed and administered in a manner consistent and in accordance with the Code and regulations promulgated thereunder.

(f) Compliance with the requirements of the Code is the sole responsibility of the owner of the building for which the credit is allowable. NJHMFA makes no representations to the owner or anyone else as to compliance with the Code, Federal regulations issued pursuant to the Code, or any other laws or regulations governing Low-Income Housing Tax Credits, or as to the financial viability of any project. All applicants should consult their accountant, tax attorney, or advisor as to the specific requirements of Section 42 of the Code governing the Low-Income Housing Tax Credit Program.

(g) This subchapter has been promulgated in a manner consistent with the smart growth initiatives required pursuant to Executive Order No. 4 (2002).

5:80-33.2 Definitions

The following words and terms, as used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

“Area median income” or “AMI” means the midpoint of a region’s income distribution, that is, one-half of the families in a region earn more than the area median income and one-half of the families earn less than the area median income. The area median income is calculated by the U.S. Department of Housing and Urban Development (HUD) for every metropolitan region in the country.

“At risk of losing its affordability controls” means a project with a deed restriction that expires within five years of the date of the new tax credit allocation that is “likely” to convert to market rate (as supported by the market analysis at N.J.A.C. 5:80-33.12(c)1ii), a project with project-based assistance that expires within five years of the date of the new tax credit allocation, a project that may be condemned, or a project that is subject to foreclosure, unless NJHMFA determines such acquisition is part of an arrangement a purpose of which is to terminate such affordability controls. For multi-phase projects, forestalling of a foreclosure by funding of the initial phase shall not preclude latter phases of the same project from qualifying for the set-asides at N.J.A.C. 5:80-33.4(a)1 and 33.5(a)1, provided the latter phases satisfy the remaining elements of the definition of “preservation project” below.

“At risk of losing its level of affordability” means that operating expenses or capital repair needs are so high that without an award of tax credits, only very high rent increases will keep the project in an acceptable condition and financially feasible. If the current owner or a related party of the current owner retains an ownership interest in the project post-rehabilitation, the owner must demonstrate it did not materially contribute to the decline of the property that created the high operating expenses or capital repair needs.

“Average income set-aside” means an election made by a taxpayer on IRS Form 8609 that requires the income designations of at least 40 percent of the units in a housing project to average 60 percent or less of area median income (AMI). For underwriting purposes, the average of all income designations of tax-credit-eligible tenants shall not exceed 57.5 percent of AMI. Designated income/rent levels for tax-credit-eligible units may only be set at 10-percent increments, ranging from 20 percent of AMI up to 80 percent of AMI, and may not be amended without NJHMFA approval. All Federal minimum set-aside elections are irrevocable.

“Brownfield site” means, pursuant to the Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-1 et seq., “any former or current commercial or industrial site that is currently vacant or underutilized and on which there has been, or there is suspected to have been, a discharge of a contaminant.” As evidence, applicants shall submit a Remedial Action Work Plan or Response Action Outcome (RAO) approved by the New Jersey Department of Environmental Protection (DEP) or its designee (a Licensed Site Remediation Professional or LSRP) or a No Further Action (NFA) letter issued by the DEP within the past 10 years. The NFA shall be for an unrestricted use or, if it is for a limited restricted use, the applicant shall provide confirmation from an LSRP that the proposed development may still be constructed consistent with the limited use.

“Center” means an efficient and compact form of development having one or more mixed-use Cores as well as residential neighborhoods and green spaces. Center designations are based on the area, population, density, and employment of the Center being considered and features of the surrounding areas. Centers can range in scale from very large, an urban center, to the smallest, a hamlet. Centers range in scale in the following order: urban, regional, town, village, and hamlet.

“Certified minority and/or women business enterprise” or “certified M/WBE” means a minority- and/or women-owned business or enterprise that is registered with, and certified by, the Division of Revenue and Enterprise Services, Uniform Certification Service in the State of New Jersey Department of the Treasury. Information on how to register as a certified M/WBE is available at <https://www.state.nj.us/treasury/revenue/ucs.shtml>.

“Code” means the Internal Revenue Code, 26 U.S.C. §§ 1 et seq.

“Common area” means elements of a property available for use by all tenants.

“Community benefits agreement” means a contract between the developer and the municipality, separate from any redevelopment agreement(s), to provide specific amenities to residents of a particular census tract or tracts. A community benefits agreement must be approved by the municipality’s governing body and include elements such as, but not limited to, investments in food desert remediation, green spaces, education, and healthcare for residents.

“Complete application” means an application submitted to NJHMFA that includes the application fee, completed application forms and certifications, and that meets all eligibility requirements as set forth at N.J.A.C. 5:80-33-12.

“Continuum of Care” or “CoC” means one of the 16 local planning bodies in New Jersey that coordinate service providers and other interested parties to prevent and end homelessness, as authorized by subtitle C of title IV of the McKinney-Vento Homeless Assistance Act of 1987, 42 U.S.C. §§ 11431-11435.

“Core” means a pedestrian-oriented area of commercial and civic uses serving the surrounding municipality or Center, generally including housing and access to public transportation.

“Core operating expenses” means expenses for administration, salaries, maintenance and repairs, maintenance contracts, and insurance.

“DCA” means the New Jersey Department of Community Affairs, established in the executive branch of State government pursuant to N.J.S.A. 52:27D-1.

“Density bonus” means an economic benefit for low- and moderate-income housing developers resulting from a zoning change that increases permitted density. The determination of whether a project is the recipient of a density bonus shall be made by the municipality or, in the case of a court-ordered project, the Superior Court judge or special master with jurisdiction over the suit.

“Designated Center” means a Center that has been officially recognized as such by the State Planning Commission. In the Pinelands Area, Designated Center means a Regional Growth Area, Pinelands Village, or Pinelands Town designated by the Pinelands Commission.

“Designated Highlands Center” means a Center that has been officially recognized by the Highlands Council.

“Developer fee” or “development fee” means the fee that encompasses the developer’s overhead and profit. Certain fees are subsumed within the developer fee—such as acquisition fees, compensation to the general partner, financial consultants, employees of the developer, construction managers/monitors, clerk of the works, and syndicator-required consultants. Professional fees not paid out of the developer fee are the fees for the architect, engineer, lawyer, accountant, surveyor, appraiser, soil investigator, professional planner, historical consultant, and environmental consultant. (If there are costs listed under the professional planner, the executed contract shall be submitted. Only those costs NJHMFA determines are for planning purposes shall be shown as a separate line item.) All other consultant and professional fees shall be included in the developer fee and are not allowed to be shown as separate line items on the tax credit application; otherwise, those fees shown separately will be added to the developer fee line item.

The developer fee contained in the application shall be the maximum fee (dollar amount) recognized by NJHMFA at the time of cost certification so long as the project scope remains the same.

Any fee paid to the developer in excess of the developer fee, such as an acquisition fee, incentive developer fee, or other pseudonym, shall be treated as a funding source and may not be recognized as a use of funds.

To the extent there is a reasonable expectation of repayment (as evidenced by available cash flow and/or confirmation by the applicant’s syndicator/investor or tax attorney), the amount of developer fee allowed for eligible rehabilitation or new construction costs is limited to 15.00 percent of total development cost excluding acquisition (that is, land and building) cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication. However, a developer fee of up to 20.00 percent of total development cost excluding acquisition (that is, land and building) cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication is allowed for the following types of housing:

1. Scattered site single-family detached or duplex housing;
2. Projects of 25 units or less; or
3. Supportive Housing Cycle projects.

The non-deferred portion of the developer fee shall not exceed 8.00 percent (13.00 percent for the three types of housing referenced at 1, 2, and 3 above) of total development cost excluding acquisition cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication.

A developer fee of up to 4.00 percent shall be permitted for building acquisition costs, but the non-deferred portion shall not exceed 2.00 percent. The cost of acquiring a building shall not be allowed in

the calculation of the developer fee if the acquisition is between related parties. A related party, as used in this definition, means a relationship between parties when there is a spousal or family relationship, parent-subsidary relationship, or where owners, officers, directors, partners, stockholders, or members of one business entity hold a 10.00 percent or more interest in the other business entity.

“Eligible basis limits” are limitations on total eligible basis (except for projects in the Supportive Housing Cycle or those projects that receive credits from volume cap). A project whose total eligible basis exceeds its applicable eligible basis limit may participate in the tax credit program; however, the maximum amount of credits allowed to the project will be limited to the amount of the eligible basis limit applicable to the project. The eligible basis limit is not a per se limit on eligible basis as defined in the Code but is a mechanism that facilitates NJHMFA’s exercise of its authority to limit tax credits to what is necessary to finance projects. See Code Section 42(m). The eligible basis limits are listed in the application and may change as market conditions dictate. For all projects receiving credits from the State housing credit ceiling, NJHMFA shall also limit the eligible basis used for calculating the tax credit in the following manner:

1. A maximum of three percent per annum construction loan interest on unamortized, soft financing shall be recognized in eligible basis; and
2. Duplicative professional costs shall not be recognized in eligible basis. For example, for HOPE VI/Replacement Housing projects in which both the public housing authority and the developer retain their own construction managers, architects, engineers, etc., only the fees for services retained by the developer shall be recognized in eligible basis.

“Equity range” means the range of tax credit pricing that NJHMFA shall utilize in its needs analysis. The equity range is listed in the application and may change as market conditions dictate.

“Hackensack Meadowlands District” means land subject to the jurisdiction of the New Jersey Sports and Exposition Authority (NJSEA) pursuant to the Hackensack Meadowlands Agency Consolidation Act, N.J.S.A. 5:10A-1 et seq.

“Highlands Council” means the Highlands Water Protection and Planning Council established by section 4 of the Highlands Water Protection and Planning Act (“Highlands Act”), N.J.S.A. 13:20-4.

“Highlands Development Credit Receiving Area” means an area designated by the Highlands Council for the receipt of Highlands Development Credits under the Highlands Transfer of Development Rights Program authorized under section 13 of the Highlands Act, N.J.S.A. 13:20-13.

“Highlands Redevelopment Area” means a land area designated as such by the Highlands Council that is a brownfield, grayfield, and/or other previously developed area within the Highlands Region that is suitable for development.

“Historic building(s)” means any building or buildings that meet one or more of the following criteria:

1. Building(s) listed on the New Jersey or National Register of Historic Places either individually or as a contributing building to a historic district;

2. Building(s) that have been issued a Determination of Eligibility by the Keeper of the National Register of Historic Places;
3. Building(s) identified as a contributing building to Local Historic Districts that have been certified by the Keeper of the National Register as substantially meeting the National Register Criteria; or
4. Building(s) with a State Historic Preservation Officer Opinion or Certification that the property is eligible to be listed on the National Register of Historic Places either individually or as a contributing building to a historic district.

“Homeless Management Information System” or “HMIS” means the system used in New Jersey to record and analyze client, service, and housing data for individuals and families who are experiencing homelessness or at risk of experiencing homelessness, as required pursuant to the McKinney-Vento Homeless Assistance Act of 1987.

“HUD” means the United States Department of Housing and Urban Development.

“Individuals and families who are homeless” means any individual or family who does not have stable housing. In addition, depending on the funding sources, individuals coming out of a State psychiatric hospital, transitional living program, halfway house, jail, or a correctional facility, with no place to live upon release may be considered homeless.

“Individuals in treatment for substance abuse” means any individual who is a client of programs funded and/or licensed by the New Jersey Department of Human Services, Division of Mental Health and Addiction Services.

“Individuals with developmental disabilities” means any individual with a severe, chronic disability that is attributable to a mental or physical impairment or combination of mental or physical impairments, is manifested before the person attains 22 years of age, and is likely to continue indefinitely. The disability results in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive languages, learning, mobility, self-direction, capacity for independent living, and economic sufficiency; and reflects the person’s need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services that are of lifelong or extended duration and are individually planned and coordinated.

“Individuals with mental illness” means any individual with a mental illness as that term is defined at N.J.S.A. 30:4-27.2, incorporated herein by reference, as amended and supplemented, and/or any individual with a mental illness eligible for housing or services funded by the Division of Mental Health and Addiction Services in the New Jersey Department of Human Services.

“Individuals with physical disabilities” means any individual who, because of a physical condition, needs affordable housing with supportive services, including assistance with three or more activities of daily living (that is, bathing, dressing, using the toilet, eating, and getting in or out of a bed or chair), to live independently in community settings.

“Individuals with special needs” means:

1. Individuals with mental illness;
2. Individuals with physical disabilities;
3. Individuals with developmental disabilities;
4. Victims of domestic violence;
5. Ex-offenders and youth offenders;
6. Youth aging out of resource family care;
7. Runaway and homeless youth;
8. Individuals and families who are homeless;
9. Disabled and/or homeless veterans;
10. Individuals with AIDS/HIV;
11. Individuals in treatment for substance abuse; and
12. Individuals in other emerging special needs groups identified by State agencies.

“Large family unit” means a unit within a non-age-restricted project with three or more bedrooms. For every three bedrooms, there must be at least 1.5 bathrooms. A three-bedroom unit must measure no less than 950 square feet. A four-bedroom unit should measure no less than 1,150 square feet. (Excluded from the calculation are common halls, stairways, unfinished basements and attics, garages, balconies, and porches.) Developments must be structured in conjunction with realistic market demands (that is, if a developer’s market analysis does not show a need or demand for all three-bedroom units, the developer should not be developing all three-bedroom units).

“LIHTC project” means a project participating in NJHMFA’s Low-Income Housing Tax Credit Program.

“Low-density” means a building having one to four residential floors or stories.

“Minimum rehab project” means any project undertaking only a minimum amount of rehabilitation. Minimum rehab is defined as construction cost totaling less than \$30,000 per unit. Minimum rehab projects are eligible to apply only in the Supportive Housing Cycle. NJHMFA shall utilize an amount not less than 33.33 percent of developer fee based on building acquisition costs as a funding source in its evaluation required at 26 U.S.C. § 42(m)(2).

“Municipal Revitalization Index” or “MRI” means the Municipal Revitalization Index Distress Score by which New Jersey’s municipalities are ranked according to 10 separate indicators that measure diverse aspects of social, economic, physical, and fiscal conditions. Each municipality in the State receives a composite score and ranking, ranging from the most distressed (ranking number 1) to the least distressed (ranking number 564). The MRI is available at <https://www.nj.gov/dca/home/MuniRevitIndex.html>.

“Neighborhood Revitalization Plan” means a plan, as further defined at N.J.A.C. 5:47-3, for the preservation or revitalization of an eligible neighborhood.

“NJHMFA” means the New Jersey Housing and Mortgage Finance Agency.

“Passive House” is a design standard that achieves thermal comfort with minimal heating and cooling by using insulation, air-tightness, appropriate window and door design, ventilation systems with heat recovery, and the elimination of thermal bridges, resulting in significantly lower-than-average energy usage and utility costs. In order to meet the Passive House standard, a project must be certified as such by either the Passive House Institute US (PHIUS) or the Passive House Institute (PHI).

“Pinelands Commission” means the Pinelands Commission created by section 4 of the Pinelands Protection Act, N.J.S.A. 13:18A-4.

“Preservation project” means an existing housing project that is at least 50 percent occupied and is at risk of losing its affordability controls or at risk of losing its level of affordability. In order to qualify for the preservation set-aside, the proposal must be for the rehabilitation of at least 75 percent of the affordable units and no new construction of units is permitted. The application shall include the following:

1. Documentation that the property is at risk of losing its affordability controls or level of affordability;
2. An agreement precluding the involuntary displacement of any existing resident (other than for good cause) and, in the case of scattered site projects, a copy of the relocation plan for over-income residents;
3. Documentation of how rents will remain at or near existing levels;
4. Utilization of an applicable fraction based on an analysis of both the income levels of existing residents and the market analysis required under N.J.A.C. 5:80-33.12(c)1ii; and
5. A capital needs assessment certified by the project architect which illustrates that the proposed rehabilitation meets identified critical repair items and 12-month physical needs.

“Public transportation” means any mode of transit available to the general public with fixed fares and daily scheduled service with no seasonal interruption. At a minimum, public transportation shall operate Monday through Friday and provide regularly scheduled service during commuter hours (defined as daily service at least once between 6:30 A.M. to 9:30 A.M. and at least once between 3:00 P.M. to 6:00 P.M.).

“Qualified Census Tract,” as defined in Section 42(d)(5)(C) of the Code, means a census tract designated by the Secretary of HUD in which 50 percent or more of households have an income less than 60 percent of the area median gross income or in which there exists a poverty rate of 25 percent or greater.

“Qualified nonprofit organization” means, pursuant to Section 42(h)(5)(B) of the Code, an entity that owns an interest in the project (directly or through a partnership) and materially participates (within the meaning of Section 469(h) of the Code) in the development and operation of the project throughout the compliance period and is not affiliated with or controlled by a for-profit organization.

1. Section 42(h)(5)(C) defines a qualified nonprofit organization as follows:

“(i) Such organization is described in paragraph (3) or (4) of Section 501(c) and is exempt from tax under Section 501(a);

(ii) Such organization is determined by the State housing credit agency not to be affiliated with or controlled by a for-profit organization; and

(iii) 1 of the exempt purposes of such organization includes the fostering of low-income housing.”

2. Section 42(h)(5)(D) describes how certain subsidiaries meet the definition of a qualified nonprofit organization as follows:

“(i) In general. For purposes of this paragraph, a qualified nonprofit organization shall be treated as satisfying the ownership and material participation test of subparagraph (B) if any qualified corporation in which such organization holds stock satisfies such test.

(ii) Qualified corporation. For purposes of clause (i), the term ‘qualified corporation’ means any corporation if 100 percent of the stock of such corporation is held by 1 or more qualified nonprofit organizations at all times during the period such corporation is in existence.”

The nonprofit points are available exclusively to Section 501(c)(3) or (4) housing sponsors comprising at least 50 percent of the general partner interest in the final ownership entity (the limited partnership). Limited liability companies and limited liability partnerships are not eligible for the nonprofit points.

In order to qualify for the nonprofit points, the application shall include:

1. A fully executed Nonprofit Certification;

2. The IRS determination letter granting tax-exempt status under Code section 501(c)(3) or 501(c)(4);

3. The by-laws or articles of incorporation of each general partner, which clearly state that one of the exempt purposes of said organization includes the fostering of low-income housing; and

4. If applicable, the contract establishing a turnkey relationship or joint venture agreement that clearly defines the nonprofit's ownership interest and participation in the development and operation of the project.

When the project is placed in service, the owner shall be required to provide a written legal opinion attesting that neither the for-profit developer with a financial interest in the project nor any member of the investor limited partner is or has been a member of the qualified nonprofit organization's board of directors.

"Ready to grow area" means an area that has the capacity for growth and has received recognition from the State of this capacity, either through a planning process or through documentation that adequate water supply and wastewater infrastructure are available to serve the project. A project shall be considered to be in a ready to grow area if it is located within at least one of the areas designated at 1 and 2 below by the tax credit application deadline:

1. A smart growth area or, alternatively, an area suitable for growth as may be defined when the State Planning Commission revises and readopts the State Strategic Plan and adopts regulations to refine this definition as it pertains to Statewide planning areas; and
2. An area that has the water and wastewater capacity and infrastructure to serve the project and that also has at least one of the features at 2i through vi below:
 - i. Is a redevelopment project;
 - ii. Is located within a previously Designated Center on the State Plan Policy Map;
 - iii. Is located within a municipality whose master plan has received Plan Endorsement from the State Planning Commission and the project is consistent with the housing element within the endorsed master plan;
 - iv. Contains a site with an existing building footprint within which the project will be built;
 - v. Is located within a designated Highlands Redevelopment Area, a Designated Highlands Center, or a Highlands Development Credit Receiving Area; or
 - vi. Is located within an area identified for development and/or redevelopment within the Hackensack Meadowlands District as shown on the Hackensack Meadowlands District Official Zoning Map, as amended and supplemented by the NJSEA.

"Redevelopment project" means a project fully located within a "redevelopment area" or "area in need of redevelopment" or a "rehabilitation area" or "area in need of rehabilitation," as those four terms are defined in the Local Redevelopment and Housing Law at N.J.S.A. 40A:12A-3, or within the boundary of an approved "neighborhood revitalization plan," as defined in the Neighborhood Revitalization State Tax Credit Act at N.J.S.A. 52:27D-491. No later than the application deadline, the redevelopment plan

must be adopted by the municipal governing body or the neighborhood revitalization plan must be approved by the Commissioner of DCA. The project must further the approved plan's goals and objectives.

“Rehabilitation” or “rehab” means the repair, renovation, alteration, or reconstruction of any building or structure.

“Related party” means a relationship between parties when there is a spousal or family relationship, parent-subsidary relationship, or where owners, officers, directors, partners, stockholders, or members of one business entity hold an interest of 10 percent or more in the other business entity.

“Retention factor” means an increase to the base of the equity range used to calculate the value of the tax credits. NJHMFA will add a retention factor to non-syndicated tax credit projects, or projects where the general partner (and/or related entity) will retain at least a 2.00 percent ownership interest. For projects where the general partner's ownership interest is between 2.01 and 5.00 percent, \$.05 shall be added to the base of the equity range. If the general partner's ownership interest is 5.01 to 49.99 percent, \$.10 shall be added to the base of the equity range. If the general partner's ownership interest is at least 50.00 percent, \$.20 shall be added to the base of the equity range.

“Scattered site project” means a project that consists of buildings that are not all proximate to one another, that is financed pursuant to a common financing plan, and in which 100 percent of the residential rental units are rent-restricted within the meaning of section 42(g)(2) of the Code.

“Senior project” means “housing for older persons” as defined at Section 807(b)(2) of the Fair Housing Act, 42 U.S.C. § 3607, as it may be amended. In order to be eligible for the Age-Friendly Senior Cycle, the project must meet one of the three categories of exempt “housing for older persons” as defined by the Fair Housing Act:

1. At least 80 percent of the occupied units in the building are occupied by at least one person 55 years or older and the property is clearly intended for older persons as evidenced by policies and procedures that demonstrate the intent that the property be housing for older persons (55 years and older);
2. All the residents are 62 or older; or
3. Housing that the Secretary of HUD has designated as housing for older persons.

The familial status provisions of the Fair Housing Act prohibit discrimination against households with children under 18. This protection extends to pregnant women, foster families, legal guardians, and those in the process of obtaining guardianship of or of adopting minor children. The only exception to this prohibition against discrimination based on familial status is for property that qualifies under a Fair Housing Act exemption as “housing for older persons.”

Refusing to rent to households with children is allowed under the exemption for housing for older persons as long as the age restrictions are met. Accordingly, in these properties, managers must verify the age of residents. Age verification documentation must be available on site; failure may lead to a loss

of the exemption. For questions about whether a property qualifies for the exemption as housing for older persons, a fair housing attorney or other fair housing professional should be consulted.

“Services for Independent Living (SIL) Program” means a program established at NJHMFA to enhance the quality of life for residents living in NJHMFA-financed senior housing developments.

“Smart growth areas” means areas that promote growth in compact forms and protect the character of existing stable communities. A compact form of development combines an efficient use of land, natural resources, and public services. An area shall be considered to be a smart growth area if it is within Planning Area 1, Planning Area 2, or within a Designated Center on the State Plan Policy Map. In the Pinelands Area, an area shall be considered a smart growth area if it is within a Regional Growth Area, a Pinelands Village, or a Pinelands Town.

For more information on whether a project is located within a smart growth area, visit the site evaluator website at <https://njogis-newjersey.opendata.arcgis.com/datasets/dosopa::new-jersey-smartgrowth-areas/explore> or contact NJHMFA.

“Social service coordinator” means a person who is responsible for linking the residents of a tax credit property to appropriate supportive services. The major functions of the social service coordinator include, but are not limited to:

1. Providing case management services to the residents and/or providing linkages to community resources by providing a signed agreement between the parties;
2. Providing information and referrals to residents on programs and resources at local, State and Federal levels;
3. Interviewing and screening residents for eligibility for programs and entitlements and assisting with application procedures;
4. Assessing the needs of residents, including physical, mental, social, and financial needs, and developing a plan for service delivery;
5. Monitoring and evaluating service delivery, and reassessing as necessary;
6. Establishing links with agencies and service providers;
7. Serving as residents’ advocate/liaison; and
8. Planning and implementing monthly programs and activities to meet the needs of residents, including establishment of social, educational, and recreational programs.

“Social services plan” means a description of the scope of social and support services to be provided for supportive housing projects and supportive housing units set aside within family and senior projects, including a staffing plan and how the services will be delivered and funded. The services must be affordable and appropriate to the target population to the satisfaction of NJHMFA, available and

accessible to the project’s tenants, and the social service provider must have the capacity to perform such services. The social services plan must address the support service needs of the target population(s) and may include a range of services across a wide continuum of care and intensity appropriate to the target population(s). Appropriate and needed services must be supported by evidence-based practice, research, and/or direct practice experience. Each special needs tenant does not have to utilize all of the services provided by the project; however, the services must be available. The social services plan shall address, but is not limited to, the following items:

1. Hiring a social service coordinator. If a social service coordinator is being provided through a third party, then a signed agreement between the two parties is required, and the coordinator must be dedicated to the tax credit project for a reasonable amount of hours based on the number of supportive housing units in the project (generally 20 hours per week). For projects that have set aside five percent of the units for supportive housing units, a minimum of five hours per week is required (at least 10 hours per week is recommended);
2. A description of the targeted population(s), including criteria that will qualify proposed tenants for the supportive housing units and expected support services that are likely to be required;
3. A description of the proposed services, including how services respond to tenant needs, how services will be funded, and service location (on-site or in the community);
4. A description of how services will be coordinated or made available to all special needs tenants, including a listing of referral sources; and
5. A description of tenant/landlord relationships, including roles of the service provider and developer in tenant/landlord relationships, how prospective tenants will be recruited, screened, and selected, and the plan for problem resolution to minimize evictions for supportive housing tenants.

Social service coordinator, case manager, and linkages coordinator/provider are not counted as separate and distinct services. NJHMFA shall view these services as all being part of the same service.

“Sponsor-based rental assistance” means rental assistance that is provided to a sponsor from the HUD McKinney-Vento Programs or other government sources.

“Sponsor certification” means the certification signed by the developer(s), applicant(s), and general partner(s) submitted at application, reapplication, carryover request, or IRS Form 8609 request that identifies the anticipated or actual date the project is placed in service. The certification shall also include a signed breakdown of costs and basis and a statement whereby the owner agrees to abide by the low-income housing tax credit requirements of the Code and a statement, under penalty of perjury, that the information contained in the certification is true and complete.

“Start construction” means to issue a notice to proceed to a project’s contractor, mobilize equipment on the site, and physically commence construction/site work. It is the responsibility of the developer and contractor to ensure that all applicable local and State permits, Federal approvals, inspections, surveys,

and/or reports have been received before work has commenced. NJHMFA reserves the right to conduct a site inspection to ensure the timely start of construction.

“State Planning Commission” means the New Jersey State Planning Commission established in the executive branch of State Government pursuant to N.J.S.A. 52:18A-197.

“Substantially incomplete” means an application with a total of three or more defects as described at N.J.A.C. 5:80-33.11(c)1 and 3 or an application with a total of six or more defects as described at N.J.A.C. 5:80-33.11(c)1, 2, and 3. An application deemed to be substantially incomplete is not eligible for the 48-hour period to cure such defects at N.J.A.C. 5:80-33.11(c).

“Successfully developed and operated” means a tax credit project with no uncorrected HUD Form 8823s that has achieved 93-percent occupancy and has maintained a permanent debt service coverage ratio of at least 1.15 percent for six consecutive months during the project’s most recent full fiscal year preceding the application deadline.

“Supportive housing marketing plan” means a marketing plan that contains a list of State- and community-based organizations that serve the target population the sponsor is planning to house, as well as a detailed list of referral sources for tenant applications.

“Supportive housing population needs analysis” means a needs analysis conducted by the applicant and/or social services provider that demonstrates the current and projected need and demand for housing for the targeted population(s). A supportive housing population needs analysis shall address the following:

1. The scope of the current and 15-year projected need of the target population(s) for supportive housing;
2. Define the market area, including sources of referrals for supportive housing;
3. Current and estimated population needs assessment for the defined market area. Applicants can obtain this information from Federal, State, and local agencies and sources;
4. The estimated time it will take to fill the units;
5. The estimated income and sources of income for the target population(s); and
6. The number of supportive housing and other types of designated housing serving the target population(s) in the defined market area.

“Supportive housing project” means a project that shall rent a minimum of 25.00 percent of the total project units to individuals with special needs. At a minimum, a supportive housing project must have a social service coordinator and a social services plan that addresses the needs of the identified special needs population. If a social service coordinator is being provided through a third party, then a signed agreement between the two parties is required and the coordinator must be dedicated to the tax credit project for at least 20 hours per week. Special needs populations include individuals and families who

are in need of certain types of homes and/or community-based supportive services, usually on an ongoing basis, in order to remain capable of independent living in communities. Supportive services range across a wide continuum of care (such as meal preparation, assistance with housecleaning, etc.) to high level (such as substance abuse and mental health supports) to medically intense (such as skilled nursing) and will vary from person to person depending on their particular physical, psycho-social, and/or mental limitations, and may vary for one person over time. Each special needs tenant does not have to utilize all of the services provided by the project; however, the services must be available. If tenants are not utilizing the services that are available, NJHMFA may call into question whether the project is serving a special needs population.

Examples of supportive services include, but are not limited to, the following:

1. Social service coordinator/case manager;
2. Counseling and crisis intervention;
3. Health care advocacy and linkages;
4. Assistance with activities of daily living and/or instrumental activities of daily living;
5. Entitlement counseling and advocacy;
6. Employment counseling and training;
7. Home-based personal or medical assistance;
8. Skilled nursing;
9. Meals preparation;
10. Housekeeping;
11. Substance abuse and mental health supports; and
12. Child care/adult day care.

“Supportive housing unit” means a unit within a project that is rented to an individual with special needs, with a social service coordinator, a supportive services plan that addresses the needs of the identified special needs population, and the provision of supportive services, just as with supportive housing projects.

“Targeted Urban Municipalities” or “TUMs” means those urban municipalities designated by the following factors: MRI, population, and housing density, relying on the most recent data from the U.S. Census Bureau. NJHMFA shall publish annually a list of the New Jersey municipalities that are designated as TUMs.

“Total development cost” or “total project cost” means the cost to complete the development of a proposed project.

“Transit-oriented development” or “TOD” means a mixed-use development within walking distance (1/2 mile) of a rail, light rail, subway, ferry, or major bus corridor station.

“Transit Village” means a community served by bus, train, light rail, or ferry that has been designated as such by the State’s Transit Village Task Force pursuant to criteria available at <https://www.state.nj.us/transportation/community/village/criteria.shtm>. The Transit Village Initiative is designed to spur economic development, urban revitalization, and private-sector investment using access to transit as an asset. The New Jersey Department of Transportation coordinates the Task Force composed of various State agencies that review municipal applications and make recommendations. Transit Villages must be designated by the tax credit application deadline.

“Uncorrected noncompliance” means any one of the following that was reported to the owner by NJHMFA. With respect to the point category only, this refers to noncompliance that remains uncorrected as of the date of the tax credit application deadline or the correction date set forth in the formal notice of non-compliance, whichever occurs later:

1. A violation of State or local building codes or health ordinances;
2. Failure of one or more major systems (for example, roof, HVAC, elevators, plumbing, or electric);
3. Failure to fulfill any Qualified Allocation Plan provisions as represented by an owner in a project’s New Jersey LIHTC application; or
4. Failure of the owner to complete and fully execute the Deed of Easement and Restrictive Covenant for Extended Low-Income Occupancy.

Owners shall be notified of the noncompliance by either a formal notice of noncompliance or by the non-issuance of the IRS Form 8609.

“Urban transit hub” means a property defined and designated as such by the New Jersey Economic Development Authority pursuant to the Urban Transit Hub Tax Credit Act, N.J.S.A. 34:1B-207 et seq.

5:80-33.3 Application cycles

NJHMFA shall establish funding cycles and the amount of credits available in each cycle. They will be advertised on the NJHMFA website at <https://nj.gov/dca/hmfa/> and in at least five of the following newspapers: Atlantic City Press, The Record, Newark Star Ledger, The Courier News, The Asbury Park Press, The Camden Courier Post, South Jersey Times, and The Times of Trenton. NJHMFA shall set the eligibility cut-off dates in each year for receipt of completed applications. Applications shall be submitted to NJHMFA by 12:00 noon of the application deadline date in order to be considered for review. The application filing deadlines and the credits available in each cycle shall be announced as

early in the year as possible. Reservations shall be announced approximately 120 days after the deadline for the cycle. NJHMFA may adjust the number of cycles or adjust the award dates if required by the timing of passage of Federal legislation or adoption of IRS rules and regulations or for other compelling circumstances. A project cannot compete in more than one cycle simultaneously.

5:80-33.4 Family Cycle

(a) Non-age-restricted developments may apply to this cycle. Not less than 50 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles will be available in the Family Cycle, and the maximum annual allocation of credits to any one development competing in this cycle is \$2,000,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space or up to \$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demonstrate successful experience with the established methodologies required to produce an adaptive reuse project. If multiple tranches of this cycle are awarded, all set-asides for this cycle will be applicable to each tranche. Minimum rehab projects are not eligible to apply in this cycle. Unless market area demographics and/or financial feasibility demonstrate otherwise, all non-age-restricted projects (except preservation and historic rehabilitation projects) must adhere to the following minimum bedroom distributions: the combined number of efficiency and one-bedroom tax credit units shall be no greater than 20.00 percent of the tax credit units; at least 30.00 percent of the tax credit units shall be two-bedroom units; and at least 20.00 percent of the tax credit units shall be three-bedroom units. There are two set-asides in the Family Cycle:

1. Mixed-Income set-aside: The first reservation of credits from the Family Cycle shall be awarded to one project that contains up to 55 percent affordable units and is located outside of a Targeted Urban Municipality. Up to \$30,000 in credits per tax-credit-eligible unit are available and the maximum annual allocation of credits is \$2,000,000. The limits on total development costs do not apply to this set-aside. The project's market study as provided for at N.J.A.C. 5:80-33.12(c)1ii shall clearly demonstrate that the tax credit units in the project provide a minimum 20-percent market advantage compared to comparable market-rate units. The project shall achieve a minimum of 65 percent of the maximum score under the ranking criteria established at N.J.A.C. 5:80-33.15, including the maximum points stipulated at N.J.A.C. 5:80-33.15(a)1i, regarding extended affordability; 5:80-33.15(a)1ii, regarding site selection; 5:80-33.15(a)14ii, regarding proximity to public transportation; and 5:80-33.15(a)14iii, regarding high-performing schools. Should multiple projects be deemed eligible at the same Tax Credit Committee meeting, credits shall be awarded in accordance with the tiebreaker at N.J.A.C. 5:80-33.19(a)1. If, because of lack of demand, the mixed-income set-aside is not utilized, the credits therein shall be released into the Family Cycle.

2. Preservation set-aside: The second and third reservations of credits from the Family Cycle shall be given to the two highest-ranking eligible applications from preservation set-aside projects. The maximum annual allocation of credits to developments competing in this set-aside is \$1,400,000. If, because of lack of demand, the preservation set-aside is not utilized, the credits in the preservation set-aside shall be released into the Family Cycle.

(b) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(c) Reservations shall first be awarded to the highest-ranking eligible projects qualifying for the mixed-income and preservation set-asides. Thereafter, reservations shall be awarded to the highest-ranking eligible projects under the scoring and ranking criteria at N.J.A.C. 5:80-33.15. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single municipality, NJHMFA shall fund no more than two projects per year from the same municipality with a population of less than 100,000 and no more than three projects per year from the same municipality with a population of 100,000 or more based on the most recent American Community Survey Table DP05 (ACS 5-Year Demographic and Housing Estimates), U.S. Census Bureau (however, projects funded through the Supportive Housing Cycle will not be included in this count). To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. Funding of projects shall be prioritized in the following manner: the highest-ranking eligible project(s) in the Family Cycle, followed by the Age-Friendly Senior Cycle. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Family Cycle.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000.000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in Targeted Urban Municipalities (TUMs), seeking to maintain a lower constraint of not less than 50 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages. NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 40 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 35 percent.
2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these allocation percentages.
3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

5:80-33.5 Age-Friendly Senior Cycle

(a) Senior projects may apply to this cycle. Not less than 20 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles will be available in the Age-Friendly Senior Cycle, and the maximum annual allocation of credits to any one development competing in this cycle is \$1,600,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space or up to \$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demonstrate successful experience with the established methodologies required to produce an adaptive reuse project. If multiple tranches of this cycle are awarded, all set-asides for this cycle will be applicable to each tranche. Minimum rehab projects are not eligible to apply in this cycle. Unless market area demographics demonstrate otherwise, one-bedroom units should compose at least 85 percent of the project. There is one set-aside in the Age-Friendly Senior Cycle, the preservation set-aside. The first and second reservations of credits from the Age-Friendly Senior Cycle shall be given to the highest-ranking eligible applications from preservation set-aside projects. The maximum annual allocation of credits to developments competing in this set-aside is \$1,200,000. If, because of lack of demand, the preservation set-aside is not utilized, the credits shall be released into the Age-Friendly Senior Cycle.

(b) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(c) Reservations shall first be awarded to the highest-ranking eligible projects qualifying for the preservation set-aside. Thereafter, reservations shall be awarded to the highest-ranking eligible projects under the scoring and ranking criteria at N.J.A.C. 5:80-33.16. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single municipality, NJHMFA shall fund no more than two projects per year from the same municipality with a population of less than 100,000 and no more than three projects per year from the same municipality with a population of 100,000 or more based on the most recent American Community Survey Table DP05 (ACS 5-Year Demographic and Housing Estimates), U.S. Census Bureau (however, projects funded through the Supportive Housing Cycle will not be included in this count). To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. Funding of projects shall be prioritized in the following manner: the highest-ranking eligible project(s) in the Family Cycle, followed by the Age-Friendly Senior Cycle. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Age-Friendly Senior Cycle.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established under N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 50 percent.
2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.
3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages. NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 40 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 35 percent;
2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages; and

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages. NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

5:80-33.6 Supportive Housing Cycle

(a) Supportive housing projects in which a minimum of 25.00 percent of the total project units are rented to individuals with special needs may apply to the Supportive Housing Cycle. An executed agreement between the proposed owner entity and the social service provider, and a social services plan consistent with the requirements of this subsection for the Supportive Housing Cycle shall be submitted in the application. There will be not less than 12.5 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles available in the Supportive Housing Cycle and the maximum annual allocation of credits to any one development competing in this cycle is \$1,600,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space or up to \$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demonstrate successful experience with the established methodologies required to produce an adaptive reuse project.

(b) Reservations shall be awarded to the highest-ranking eligible projects. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Supportive Housing Cycle.

(c) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000.000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 50 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages. NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 40 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 35 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages. NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

5:80-33.7 Federal nonprofit set-aside

Not less than 10 percent of the credit ceiling shall be awarded to qualified nonprofit organizations in accordance with the Federal nonprofit requirement, as stated at 26 U.S.C. § 42(h)(5)(A).

5:80-33.8 Awards from the Reserve

(a) Projects that need credits because of technical errors or severe hardship can submit a reapplication for credits from the Reserve. The Reserve may also be used to fund cost overruns for unforeseen circumstances beyond the developer’s control where NJHMFA determines that a project’s financial feasibility is jeopardized. Any credits not dedicated to the Family, Age-Friendly Senior, and Supportive Housing Cycles shall be deposited into the Reserve. Awards of credits from the Reserve are subject to availability and NJHMFA’s evaluation of the request.

1. Hardship requests for additional credits from the Reserve are limited to \$150,000 per project. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-

eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space, or up to \$10,000 per unit, and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. Hardship requests must be documented to the satisfaction of NJHMFA and must demonstrate the existence of an unforeseen emergency where the completion of the project is jeopardized without an award of additional low-income housing tax credits. No more than one hardship award shall be approved with respect to a given project. Hardship applications to the Reserve are accepted on an ongoing basis until September 30. To apply to the Reserve for a hardship reservation of additional credit, applicants must follow the procedures at N.J.A.C. 5:80-33.13(a)1.

2. Credits in the Family Cycle shall be set aside for up to two eligible family projects located within a Targeted Urban Municipality with up to a 55-percent affordability component. Mixed-Income Reserve projects are eligible for a maximum annual allocation of credits for all projects of \$2,000,000. The project's market study at N.J.A.C. 5:80-33.12(c)1ii shall clearly demonstrate that the tax credit units provide a minimum 20 percent market advantage compared to comparable market-rate units. Projects shall achieve a minimum of 65 percent of the maximum score under the ranking criteria established pursuant to N.J.A.C. 5:80-33.15. Should multiple projects be deemed eligible at the same Tax Credit Committee meeting, credits shall be awarded in accordance with the tiebreaker at N.J.A.C. 5:80-33.19(a)1. Credits not awarded pursuant to this paragraph shall be deposited for use in the Family Cycle at N.J.A.C. 5:80-33.4.

3. Notwithstanding the provisions at (a)2 above, for the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal Coronavirus State Fiscal Recovery Fund dollars appropriated to the Affordable Housing Production Fund pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the percentage of credits set aside for eligible family projects located within a TUM with up to a 55percent affordability component shall be 60 percent.

4. The Tax Credit Committee, which is composed of those individuals designated at N.J.A.C. 5:80-33.22(a), may, at its sole discretion, award any one additional nine-percent application from either the Family, Age-Friendly Senior, or Supportive Housing Cycle that would otherwise not rank high enough for funding. The Tax Credit Committee shall publish a written explanation of the basis upon which any award is made. Awards from this reserve are entirely discretionary and the Tax Credit Committee may choose not to utilize this reserve in any given funding round. To be eligible for such an award, an application must satisfy the following criteria:

- i. Have been scored by NJHMFA as being within five points, including any applicable cure points, of the lowest-scoring awarded project in its respective cycle;
- ii. Meet the criteria set forth at N.J.A.C. 5:80-33.12;
- iii. Not be "substantially incomplete"; and
- iv. Satisfy at least one of the following:

(1) Represent a regional or geographic location that has received limited affordable housing resources;

- (2) Leverage substantial financial resources from the Federal government or from other non-NJHMFA funding sources;
- (3) Affirmatively further the purposes and policies of the Fair Housing Act (Title VIII of the Civil Rights Act of 1968) or contribute to a municipal fair share housing development plan;
- (4) Respond to an urgent housing need or an underserved population; or
- (5) Meet other critical State housing policy directives, goals, or priorities.

5:80-33.9 Volume cap credits

(a) Projects financed by tax-exempt bonds that request tax credits pursuant to Section 42(h)(4) of the Code are required by Section 42(m)(1)(D) of the Code to satisfy the requirements for allocation of a housing credit dollar amount under the qualified allocation plan. Projects requesting tax credits entirely from volume cap do not have to compete and there are no cycle deadlines. However, complete applications shall be submitted at least one month before the tax-exempt bonds are sold. The following information shall be included in order for the application to be deemed complete: all applicable sections of the application corresponding to eligibility requirements at N.J.A.C. 5:80-33.12; those sections of the application corresponding to the point categories for conversion to tenant ownership (if applicable), tax abatement (if applicable), and the negative point categories; a period of restriction meeting the criteria corresponding with the maximum points stipulated under N.J.A.C. 5:80-33.15(a)1i; and a sponsor certification and breakdown of costs and basis. For family projects, except for preservation and historic rehabilitation projects, which shall retain at a minimum their existing percentages of two-bedroom and three-bedroom units, the combined number of efficiency and one-bedroom tax credit units shall be no greater than 20.00 percent of the tax credit units; at least 30.00 percent of the tax credit units shall be two-bedroom units; and at least 20.00 percent of the tax credit units shall be three-bedroom units. A copy of the appraisal/market study required by the applicant's lender and/or syndicator may be submitted in lieu of the market study required at N.J.A.C. 5:80-33.12(c)1ii.

1. The governmental unit issuing the bonds is required by Section 42(m)(2)(D) of the Code to determine the credit amount needed for feasibility and viability of the project. If NJHMFA is the bond issuer, NJHMFA shall make this credit determination. If NJHMFA is not the bond-issuer, the bond issuer shall provide a letter to NJHMFA assigning its responsibility under Section 42(m)(2)(D) to NJHMFA.

2. In order for a project to qualify for all of its tax credits from volume cap, Section 42(h)(4) of the Code requires that 50 percent or more of the aggregate basis of the building and the land on which it is located be financed with tax-exempt bonds. Qualifying tax-exempt bonds are obligations the interest on which is exempt from tax under Section 103 of the Code if such obligation is taken into account under Section 146 of the Code, and the principal payments on such financing are applied within a reasonable period to redeem obligations the proceeds of which were used to provide such financing.

3. Projects that request both volume cap credits and ceiling (competitive) credits shall comply with the application requirements for both.

4. Projects that would have received negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be issued tax credits until such items are corrected.

5. Projects that receive volume cap credits shall pay an allocation/issuance fee as described at N.J.A.C. 5:80-33.25.

(b) A mixed-income project, mixed-use project, or affordable project linked to a market-rate or commercial component that is part of a municipal fair share housing development plan or a court-approved judgment of repose or compliance, including, but not limited to, developments that have received a density bonus, may not receive volume cap credits unless the applicant can conclusively demonstrate that the market rate residential or commercial units are unable to internally subsidize the affordable units and the affordable units are developed contemporaneously with the commercial or market-rate residential units. This subsection shall not be evaded by failing to apply all or any portion of the subsidy to the low- or moderate-income units, by diverting all or any portion of the subsidy to other uses, or by using any other device in which all or any portion of the subsidy is not used to benefit low- or moderate-income housing.

1. In determining whether an applicant has conclusively demonstrated that the market-rate residential or commercial units are unable to internally subsidize the affordable units, NJHMFA shall make an initial presumption that the municipally approved inclusionary zoning, in and of itself, creates a realistic opportunity for the affordable units to be built and that such zoning is sufficient to support the internal subsidization of the affordable units required to be built under the fair share plan or the judgment of repose or compliance applicable to the municipality in which the project is situated.

2. The presumption set forth at (b)1 above may be overcome if the applicant demonstrates, to the satisfaction of NJHMFA, the existence of any one or more of the circumstances at (b)2i, ii, or iii below:

- i. Tax credit equity is necessary to subsidize any affordable units to be built in excess of the municipal obligation;
- ii. Economic conditions have changed since approval of the municipally approved inclusionary zoning to such an extent that the zoning, taking into account any density bonus awarded, no longer supports sufficient internal subsidization to sustain construction of the requisite affordable units; or
- iii. The municipally approved zoning erroneously determined that the internal subsidy would be sufficient to sustain building the affordable units.

3. It is the applicant's responsibility to provide sufficient documentation to support the existence of any of the circumstances in (b)2i, ii, or iii above. Failure to respond to NJHMFA requests for additional information supporting the circumstances in (b)2i, ii, or iii will result in the presumptions of (b)1 being *de facto* affirmed. Any analysis submitted by the applicant shall expressly consider the possibility of a reduced award of low-income housing tax credits (LIHTC) and alternate sources of funding (such as additional deferred developer fees), if necessary to ensure project feasibility, taking into account the internal subsidy provided by the market-rate units.

4. The sponsors of all inclusionary developments seeking tax-credit financing shall submit the information in this paragraph to enable NJHMFA to determine the need, if any, for tax credits. NJHMFA shall determine the amount of tax credits, if any, to be awarded to a project as part of the needs analysis required pursuant to 26 U.S.C. § 42(m)(2).

- i. Basic development information, including, but not limited to, the following:
 - (1) A site plan for both the affordable and market-rate components; and
 - (2) A timetable for the affordable and market-rate components, which shall include the timing of any phased development and the availability of units for rent or sale;
- ii. A description and the documentation of any financial ties and/or subsidies, including, but not limited to, the sale or transfer of land, shared infrastructure improvements, and financing, between the affordable and market-rate components;
- iii. A description and the documentation of any business arrangements regarding additional components of the market-rate development;
- iv. Information on all market-rate components linked to the affordable component;
- v. A description and the amount of all subsidy requests, including, but not limited to, the following:
 - (1) Any density bonus, payment in lieu of taxes (PILOT) agreement, affordable housing trust fund contribution, State or Federal grant, and low-income housing tax credit application; and
 - (2) Copies of any Form 10 submission(s) for the affordable component;
- vi. Terms and conditions of the purchase of land and the current market value of land proposed to be utilized in the development, including, but not limited to, the following:
 - (1) Documentation of any prior land purchase and/or current land purchase agreement, including date(s) of sale, price, acreage, parcel boundaries, and any terms or conditions of sale; and
 - (2) An estimate of the current market value of the land, with justification as to how the estimate was derived (for example, appraisal, recent sale, sale of comparable parcels of land, alternative uses, etc.);
- vii. Documentation of municipal approvals, including, but not limited to, the following:
 - (1) Fair Share Plan and/or judgment of repose or compliance applicable to the municipality in which the project is situated;
 - (2) Local planning board approvals for the affordable units and any associated market-rate or commercial units; and
 - (3) Land use approvals for the affordable units and any associated market-rate or commercial units;
- viii. Information on market conditions in support of anticipated revenue levels, including, as applicable, comparable properties, market-level pricing information, and market studies;
- ix. A pro forma for both the market-rate and the affordable components of the development, including, but not limited to, the information in (b)4x(1) through (4) below for both. All calculations are to be provided electronically, with live Excel sheets:
 - (1) Development costs;
 - (2) Development financing, including equity and/or loans, with amounts and anticipated interest rates;
 - (3) Operating/sales costs; and
 - (4) Anticipated revenue from rentals or sales, including ancillary sources and/or unit upgrades;

x. A feasibility analysis conducted by an independent third-party skilled in market and financial analysis, certified to NJHMFA, and including, but not limited to, the information at (b)4x(1) through (3) below. All calculations are to be provided electronically, with live Excel sheets:

- (1) The calculated internal rate of return (IRR) for both the market-rate project and the combined project, with and without the requested LIHTC;
- (2) A narrative explanation, signed by the applicant, of the reason(s) for the insufficiency of the combined project returns absent the requested LIHTC. The narrative shall explain the basis for the insufficiency and shall be tied to the financial analysis; and
- (3) Any other financial analyses used to support the narrative explanation.
- (4) The feasibility analysis must reflect and be consistent with the pro formas referenced at (b)4ix above.

xi. NJHMFA reserves the right to request any additional information from the applicant as deemed necessary to conduct the needs analysis.

(c) Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project when title was foreclosed thereon by entry of judgment or deed in lieu of foreclosure shall not be eligible for tax credits for a period of seven years from the date of entry of the judgment of foreclosure or the date of the deed in lieu of foreclosure, whichever shall have occurred first. Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project that the Tax Credit Committee (Committee) determined exhibits a pattern of uncorrected noncompliance shall not be eligible for tax credits for a period of three years from the date all issues of noncompliance are deemed by the Committee to have been corrected.

5:80-33.10 Application fee schedule

(a) The following fees shall be submitted at the time the application or reapplication is submitted:

1. An application fee of \$5,000 shall be paid by applicants for projects applying to the Family, Age-Friendly Senior, or Supportive Housing Cycle and to the Mixed-Income Reserve, and by applicants for projects applying for volume cap tax credits.
2. A reapplication fee of \$1,000 shall be paid for projects requesting credits from the Hardship Reserve.

(b) Application fees and reapplication fees are non-refundable.

5:80-33.11 Cycle deadlines

(a) Application cycles shall be announced by NJHMFA through notices sent to the mailing list maintained by the Tax Credit Division no later than 45 days prior to the deadline. Applications shall be accepted beginning one month prior to the deadline date. Applications shall be submitted to NJHMFA

by 12:00 noon of the application deadline date in order to be considered for review. Late and substantially incomplete applications shall not be admitted into a cycle. Late applications shall be returned to the applicant.

(b) It is the burden of the applicant to comply with the requirements of these rules and to ensure that the application presented to NJHMFA is clear, unambiguous, and complete in all respects at the time of submission.

(c) Applicants shall be given 48 hours to cure defects as follows, except for applications that NJHMFA deems to be substantially incomplete:

1. If the applicant has failed to include a required document, the applicant may supply the document; provided, however, that the document existed on the application deadline date and, if the document is a legal agreement or instrument, the document was legally effective on the application deadline date.

2. If statements or items in the application are contradictory or mutually inconsistent, the applicant may present information resolving the contradiction or inconsistency; provided, however, that the information accurately reflects the state of affairs on the application deadline date.

3. The applicant may provide any required signature that has been omitted.

(d) Except for applications that NJHMFA deems to be substantially incomplete, NJHMFA shall notify the applicant of any curable defects it discovers by telephone and, simultaneously, in writing by email. The applicant's corrective submission shall not be considered unless it is received by NJHMFA no later than 48 hours (excluding weekends and legal holidays) from the applicant's receipt of the email. No application will receive more than one notice for a curable defect. A project that has previously applied for competitive credits (a reapplication) may receive notification of a curable defect regardless of whether such project has received notification in the past.

(e) If an applicant cures one or more defects in the manner set forth at (c)1 or 3 above, NJHMFA will deduct one point for each defect cured from the project's score in determining its ranking in the application cycle.

(f) If an applicant fails to respond to NJHMFA's notification of curable defects within the 48-hour cure period, or if an applicant's response is non-responsive to the question asked, a negative inference shall be drawn. Failure to respond to an item in a cure letter will result in the denial of points if the question is with respect to a point category; negative points if with respect to the point categories at N.J.A.C. 5:80-33.15(a)15 through 20; or ineligibility if with respect to an eligibility requirement.

(g) After the application deadline, telephone calls or other oral or written communications on behalf of a tax credit applicant (for example, from a project's development team, elected representatives, etc.) other than information submitted pursuant to (d) and (e) above shall not be accepted or considered before reservation awards have been announced.

5:80-33.12 Application to a cycle/eligibility requirements

(a) A mixed-income project, mixed-use project, or affordable project linked to a market-rate or commercial component that is part of a municipal fair share housing development plan or a court-approved judgment of repose or compliance, including, but not limited to, developments that have received a density bonus, may not compete for tax credits (ceiling tax credits), unless the applicant can conclusively demonstrate that the market-rate residential or commercial units are unable to internally subsidize the affordable units and the affordable units are developed contemporaneously with the commercial or market-rate residential units. This subsection shall not be evaded by failing to apply all or any portion of the subsidy to the low- or moderate-income units, by diverting all or any portion of the subsidy to other uses, or by using any other device by which all or any portion of the subsidy is not used to benefit low- or moderate-income housing. For example, if a site was originally zoned at four units per acre and a rezoning resulted in six units per acre with a 20-percent set-aside for low- and/or moderate-income units, then the site would be the recipient of a density bonus. If the developer built at six market units per acre, subdivided a portion of the acreage and donated the subdivided portion to a for-profit or nonprofit developer, then the new owner may not compete for ceiling tax credits if the market-rate residential units were able to subsidize the affordable units. Alternatively, if on the same site the number of low- and moderate-income units is increased without a corresponding increase in density, then the additional affordable units would be eligible to compete for ceiling tax credits. In determining whether an applicant has conclusively demonstrated that the market-rate residential or commercial units are unable to internally subsidize the affordable units, NJHMFA shall apply the standards set forth at N.J.A.C. 5:80-33.9(b)1 through 4.

(b) In performing its review of all applicable eligibility requirements, NJHMFA staff may contact the applicant to ask questions if there are unclear aspects of the application. Such contact should not be construed by the applicant as an approval or rejection, but simply as an attempt to clarify the application.

(c) Applications shall meet all of the eligibility requirements listed in this section by the application deadline in order to be admitted into a cycle. NJHMFA reserves the right to contact the applicant if the need arises.

1. Applications shall include the information set forth at (c)1i, either (c)1ii or (c)1iii, and (c)1iv below in order to demonstrate the need and demand for the proposed project in a market area. If NJHMFA determines an insufficient market need or demand exists, the project shall be deemed ineligible.

i. The proposed development, including all amenities and services, shall be described in a narrative format by the applicant. The narrative shall include an explanation of how the services shall be paid for, as well as the need and demand for the project and its impact upon the neighborhood. Commercial space, if any, shall be disclosed. Photographs of the site and existing structures shall be provided from all significant perspectives and show all significant nearby land uses, including, but not limited to, those land uses listed at N.J.A.C. 5:80-33.15(a)11. Preliminary drawings of the finished project, including the site plan, floor plan, and elevations drawn to scale, shall be submitted with the narrative.

ii. A market study, certified to both the applicant and NJHMFA in the analyst's Certification, shall be submitted for all projects. Two copies of the report shall be submitted. The market study shall be no more than six months old. Projects applying for additional credits from the Reserve that have already received a previous allocation of tax credits shall not be required to submit a new market study. The analyst shall state in the certification that all market study requirements have been fully addressed. If any relevant information cannot be obtained, the analyst shall explain why the information cannot be obtained. The study shall also identify any assumptions, estimates, projections, and models used in the analysis. The assumptions used in the market study (for example, project rents, unit mix, amenities, etc.) must precisely reflect the information provided in the tax credit application. The data and analysis shall clearly indicate enough demand in the market to support the proposed development. Any additional information appropriate to the market area and the project shall be submitted to demonstrate the demand for the proposed housing project. The report shall include, at a minimum:

(1) A brief executive summary that includes the appropriate vacancy rate, capture rate, absorption period, and the market advantage compared to comparable market-rate properties given the rents projected by the applicant, as well as a detailed table of contents that clearly identifies the location of the items listed below;

(2) A description of the proposed site, including pictures of the site and existing structures, pictures of the immediate neighborhood, visibility/access/exposure, proximity to retail and employment, detailed neighborhood and market area maps showing all significant nearby land uses, block and lot numbers of each parcel, site acreage, available public services and public transportation, and existing infrastructure. A description of the proposed improvements including unit mix, a commentary on the preliminary drawings including unit size and design, proposed project and unit amenities, and any applicable tenant charges, tenant-paid utilities, and project-paid utilities shall be provided. Detailed monthly utility allowance figures shall be presented separately for each utility type (for example, electric, gas, etc.) and for each unit type within the project;

(3) Geographic definition and analysis of the market area, including a comprehensive and reasonable rationale for the suggested market area with supporting evidence. For example, the market area may be defined as the area in which similar properties compete with the subject property for tenants, or the area immediately surrounding the project from which 60 to 70 percent of the residents are expected to be drawn, taking into account political and natural boundaries, socioeconomic characteristics, and the areas from which nearby rental developments draw new tenants. The market area shall be evaluated on the basis of employment and income levels and trends, the presence of local revitalization projects, the number of substandard units in the market, and the number of cost-burdened households in the market. Interviews shall be conducted with area apartment managers to establish mobility patterns in the area. Particular attention should be given to tax credit properties. As available, the results of the interviews shall be reported, showing the percentage of residents by neighborhood/community. For cases in which the subject property is an existing rental development or later phase of an existing development, detailed tenure by prior residence must be shown. Additional explanation shall be provided for any market area with boundaries in excess of three miles (urban site) or five miles (rural site) of the site;

(4) An economic analysis that provides the reader context to better understand the household and rent trends in the market. Topics to be addressed shall include:

(A) Presentation of data and analysis pertaining to the trend in resident employment and unemployment;

(B) Presentation of data and analysis pertaining to trends over the past five years in total at-place employment (that is, jobs) in the county in which the subject site is located;

(C) Presentation of data and analysis pertaining to at-place employment by industry sector for the primary market area (PMA) or smallest available geographic area that includes the PMA and comparison to appropriate larger geographic area (that is, city, county, metropolitan statistical area, or labor market area);

(D) A list of major employers in the PMA or other appropriate small geographic area and announced changes in workforce (that is, expansions, contractions, and relocations), as well as newly announced employers and their anticipated effect on the local economy; and

(E) A map of major employers and employment centers in relation to the subject property;

(5) A demographic analysis of the owner and renter households in the market area at (c)1ii(3) above that are income eligible and can afford to pay the rent (assuming potential households may spend up to 40 percent of their income on housing expenses). When appropriate, the eligible households shall also be analyzed by household size, race, ethnicity, and age. Market studies submitted for projects applying to the Age-Friendly Senior Cycle shall include an evaluation of the market for the eligible population over 70 years old. Demographics from the last decennial census shall be updated to reflect current market conditions and shall be the basis for projected demographics. This research data shall be provided in the appendix and shall be from an organization such as Nielsen or a governmental source such as the American Community Survey, metropolitan planning organizations, or local planning agencies. Supportive Housing projects shall also provide demographics on the special needs population in the project in order to substantiate need and demand at projected rent levels;

(6) Rent, vacancy, and amenity surveys by unit size of market rate, affordable, and subsidized properties. The affordable property survey shall include all LIHTC properties in the market area and those projects that are currently under construction or have received preliminary site plan approval. A rent adjustment analysis of the most comparable properties to the subject shall be presented to derive a market rent for each unit type. Data shall include, at a minimum, a grid analysis by unit size for rents, amenities, unit features, unit square footage, age, number of bathrooms, tenant-paid utilities, rent per square foot, location, physical condition, and curb appeal. Rents shall be adjusted, especially for utility and amenity charges, so that appropriate comparisons can be made. The proposed rent shall have at least a 10-percent rent advantage in relation to the estimate of market rent. Additional information concerning unit mix, vacancy and turnover rates, operating expenses, rent trends, rent concessions, rent control,

waiting lists, absorption per month, design, contact, and contact phone number shall be provided in a grid or narrative format when available. The market study shall contain a minimum of three rent comparables for each unit size. All comparable properties should be within the delineated market area when possible. In cases where a comparable project has to be chosen from outside the market area (for example, where there is not enough similar rental product in the market area), appropriate adjustments should be made for location differences. At least one picture of each comparable and a detailed street map that shows the location of each comparable shall be provided. In addition, if the building that is the subject of the tax credit application is currently occupied, rent rolls and current tenant incomes shall be provided and analyzed;

(7) The capture rate, absorption period, and the impact the proposed rental housing may have on existing inventory. The capture rate is the number of units in the project divided by the net demand for the project, where the net demand is the number of households that are income eligible and can afford to pay the rent minus the number of comparable affordable units in the market area. For purposes of the market study, the maximum annual household income for the tax credit units shall be equal to 50, 60, or 80 percent of the area median income (depending on whether the applicant chooses the 20 percent at 50 percent, 40 percent at 60 percent, or average income Federal set-aside) of a household. The maximum income limit shall be based on an average household size of 1.5 persons per bedroom for the largest tax credit unit. For single room occupancy projects, the maximum income limit shall be based on the assumption of one person per unit. Maximum income limits for all proposed senior projects shall be limited to a two-person household. The minimum annual household income for the tax credit units shall be equal to the lowest tax credit gross rent multiplied by 30 (which assumes that potential households may spend up to 40 percent of their income on housing expenses on a monthly basis). The absorption period is a forecast of the number of months that will elapse from the completion of construction to stabilization (93 percent occupancy) of the project as a whole, taking into consideration a reasonable vacancy rate. Sample calculations of capture rate and absorption period shall be shown in the report, and NJHMFPA shall be able to reconstruct the estimates using the data and methods in the market study. When additional analysis is appropriate, methods shall consider demographic trends, age of householders, the size of renter households, the unit mix of the project, the amount of home ownership in the target population, the cost of home ownership in the market area, approved projects not yet placed in service, and any other significant factors. The impact of the subject project on existing housing in the market area shall also be addressed;

(8) If applicable, the appropriate rent per square foot and vacancy factor based on market conditions for any commercial space in the project;

(9) A conclusion forecast regarding the potential viability of the proposed project which states the strengths and weaknesses of the project, compatibility of surrounding land uses, appropriateness of project design and amenities, and the reasonableness of projected rents. In addition, the analyst shall state whether sufficient demand from targeted households exists for the development as proposed. Suggestions to make the project more marketable shall be provided if appropriate. All conclusions shall be based on data analyzed in the body of the report; and

(10) A statement of the competency of the analyst conducting the study. The market analyst shall certify that:

(A) They are an independent, third-party professional with no financial interest in the project other than in the practice of their profession (for example, their fee for preparing the report is not contingent upon project completion and/or an award of tax credits);

(B) They have the requisite knowledge to conduct the study;

(C) They have personally inspected the subject property and the comparable properties analyzed in the report; and

(D) They have conducted the study in accordance with the Model Content Standards for Market Studies for Rental Housing of the National Council of Housing Market Analysts (NCHMA), 1400 16th Street NW, Suite 420, Washington, DC 20036, whose Model Content Standards are available at <https://www.housingonline.com/councils/national-council-housing-market-analysts/model-content-standards/>, incorporated herein by reference, as amended and supplemented.

(11) The provisions at N.J.A.C. 5:80-33.11(d) and (e) shall not apply to market studies submitted pursuant to this subsection. Instead, during the market study review process, a reviewer contracted by NJHMFA shall notify the independent, third-party professional who completed the market study by telephone and, simultaneously, in writing by email about significant missing or unclear components of the market study. A copy of such correspondence shall also be simultaneously sent to NJHMFA and the tax credit applicant. Failure of the independent, third-party professional who completed the market study to provide a sufficient response within five business days about significant missing or unclear components of a market study shall result in an application being declared ineligible.

iii. For projects of 25 units or less and projects receiving Project Based Section 8 rental assistance for 100 percent of the units, the form of market analysis described below may be submitted in lieu of the market study requirements listed at (c)1ii(1) through (7) above:

(1) The third-party analyst shall provide a description of the proposed site and proposed improvements, a geographic definition and analysis of the market area, age and income demographics within the defined market area, and rent, vacancy and amenity surveys by unit size of market-rate, affordable, and subsidized properties. In addition, a rent adjustment analysis shall be provided of the properties most comparable to the subject property. For suggestions, see (c)1ii above; and

(2) The requirements at (c)1ii(8) through (11) above shall be complied with.

iv. Updates of market studies more than six months old shall reflect a recent site visit by the market analyst, updated information on the comparable properties, and an analysis of any

significant changes to the subject development. Only one update to the market study is permitted. Applicants shall submit both the original market study and any applicable update in the application submission.

2. Applications shall include the information set forth at (c)2i and ii below in order to demonstrate site control:

i. The applicant shall be either the owner or developer of the project and shall demonstrate that it has control of the property through any one or a combination of the following: fee simple title by way of deed; long-term ground lease or option to enter into a ground lease (for a minimum term of the compliance and extended use periods); option agreement to purchase or lease, including evidence that options are renewable until at least the start of construction; executed contract of sale or other enforceable agreement for acquisition of the property; and/or an executed disposition and development agreement with a public agency that specifies the site(s) to be acquired and, if the property is to be or may be acquired by eminent domain, identifies the condemnor, as such term is defined at N.J.S.A. 20:3-2, or its successor. The acquisition price and basis shall be limited to the lesser of the purchase price or the “as is” appraised value of the building and/or land.

ii. The applicant assumes the full burden of disclosing with certainty in its application how it will obtain and maintain site control. The application shall set forth with specificity by what means each parcel of the project’s real property is to be acquired if such acquisition has not yet been perfected; applications shall not indicate alternate means of acquisition for any particular parcel. If multiple documents are necessary to evidence site control, there shall be no lapse in the chain of site control documentation, such that the applicant’s right of site control over the property from the property owner is evidenced. For all forms of site control, a copy of the current owner’s recorded deed (or equivalent) shall be submitted as supporting documentation. In the case of a municipality or other entity acquiring property through eminent domain, at a minimum, the applicant shall submit as part of its application a copy of all written offers, as described at N.J.S.A. 20:3-6, or its successor, executed by the condemnor to the condemnee(s) with regard to all real property comprising the project that is to be acquired by this means, which offers must be in effect and valid at the time of submission to NJHMFA. If additional documents have been executed and/or filed with regard to eminent domain at the time of application deadline, the applicant shall append a copy of those documents with its application and shall continue to supplement the application with such documents as required at N.J.A.C. 5:80-33.31; additionally, the declaration of taking shall be recorded within three months from the date of the Tax Credit Committee meeting at which awards/decisions are announced.

3. Applicants shall submit a copy of the preliminary or final site plan resolution as well as all other approvals. For rehabilitation projects with sites that are not required by the municipality to obtain site plan approval, a letter from the planning board (or appropriate municipal official) stating that the site(s) are not subject to site plan approval shall be provided. It is the applicant’s responsibility to ensure that the project complies with all applicable local land use and zoning ordinances and that nothing at the local or county level will interfere with the project obtaining all necessary permits.

4. Applicants shall disclose the existence of any known environmental conditions/constraints, including, but not limited to, wetlands, stream encroachment, and steep slope grading, that may impact development on the project site. In addition, applicants shall certify that all necessary environmental approvals have been obtained or, at a minimum, applied for from the Department of Environmental Protection. If remediation is necessary, the remediation plan shall be accounted for in total development costs. If a Phase I environmental study conducted in accordance with the American Society for Testing and Materials (ASTM) E1527-21 (or most recent standards adopted by the State), Standard and Poor's Enhanced Protocol (which includes testing for lead, asbestos, and radon) has been completed for the project, the findings shall be submitted. A Phase I is not required; however, if a project is awarded credits and a Phase I was not submitted with the application, the applicant shall not be allowed to apply for hardship credits for unforeseen environmental issues.

5. As required pursuant to Section 42(m)(2)(B)(i) of the Code, all financing information shall be disclosed in the application, including information about letters of interest and other undertakings that the applicant does not identify as funding sources in the application. The applicant shall provide all syndication documents in existence at the time of application, including, but not limited to, the prospectus (offering memorandum), limited partnership agreement, joint venture agreement, partnership administration services agreement, development agreement, any amendments to the aforementioned documents, and any relevant agreement between and among the relevant parties setting forth the terms of the financial arrangements, commitment letters, if any (firm or otherwise), and mortgage documents. All documents must include all exhibits and schedules. In addition, Section 42(m)(2)(C)(ii) of the Code requires the taxpayer to "certify to the housing credit agency the full extent of all Federal, State, and local subsidies which apply (or which the taxpayer expects to apply) with respect to the building."

6. All funding sources planned for the project shall be committed to the project at the time of application, excluding NJHMFA financing sought as part of the application. For NJHMFA financing only, a preliminary approval letter will be acceptable at the time of application, which letter shall verify that the project development budget included as part of the application for financing has been reviewed and the underwriting parameters conform with current NJHMFA Multifamily Underwriting Guidelines and Financing Policy, available at <https://nj.gov/dca/hmfa/developers/multifamily>. Commitments shall be firm and contain only conditions that are under the control of the applicant (that is, commitments cannot be conditioned on the availability of funds). The amount and all terms of the funding commitment shall be listed in the documentation provided at (c)6i through viii below. The amount and terms shall be used by NJHMFA in its underwriting analysis. Commitment letters shall be countersigned/accepted in writing by the applicant. Expired commitments, letters of interest/intent, and term sheets do not qualify as commitments. To evidence commitments for funding sources, the following is required:

- i. Banks and other lending institutions: Commitment letters for construction and permanent financing must indicate the interest rate (or the basis on which the interest rate will be set), term of the loan (at least 15 years for permanent financing, or, if less than 15 years, the loan must be fully amortizing) and all conditions. If the interest rate is floating after permanent loan closing, a maximum interest rate shall be stated in the commitment letter, and shall be the rate at which NJHMFA conducts its underwriting analysis. The commitment shall have been approved by the lender's final approval authority (for example, from a bank's loan review committee or if a

lending consortium, from the consortium itself). The maximum mortgage supportable shall have been obtained.

ii. State Affordable Housing Trust Fund (AHTF), State Community Development Block Grant (CDBG), or HOME funds: Projects applying for AHTF funds and tax credits shall comply with the applicable rules of these programs. DCA shall inform NJHMFA of those projects that have submitted a complete application for State AHTF, State CDBG, or State HOME funds by the tax credit application deadline. DCA will inform NJHMFA of the projects it intends to fund and the subsidy amounts if those projects are sufficiently competitive to receive tax credits. DCA will announce the AHTF, State CDBG, and HOME commitments at the same time NJHMFA awards the reservations of tax credits.

iii. Grants: All private, State, or local grants shall be deducted from basis unless the grantee is taking the grant into income and paying income tax on it or the grantee is making a loan to the final ownership entity. All Federal grants must be subtracted from basis.

iv. Municipal, county, or PHA grants or loans: Funding approvals for municipal or county grants or loans (for example, CDBG, HOME) vary from county to county and from municipality to municipality. NJHMFA is sensitive to the regulatory constraints and administrative processes of local governmental funding sources and recognizes that evidence of firm commitments may vary from one government entity to the next. Generally, it is the municipal council and county board of freeholders that have final approval authority; therefore, a copy of the county or municipal resolution/ordinance approving the funds for the project is required to be submitted with the application. However, for governmental entities where that is not the standard approval process, NJHMFA shall accept comparable commitments. For example, for projects receiving HOME funds from participating jurisdictions (PJs), NJHMFA shall accept one of four forms of commitments in light of the many ways that local governmental entities combine their local approval process with Federal HOME regulations. First, applicants may simply submit an approved municipal or county resolution described in the beginning of this subsection. Second, an applicant may submit a copy of the HUD form 7015.15 “Request for Release of Funds and Certification” along with a copy of the PJ’s cover letter transmitting it to HUD. Third, the applicant may submit a copy of their PJ’s Comprehensive Housing Affordability Strategy (CHAS) with the project and the funding amount specifically cited in the CHAS along with a copy of the PJ’s resolution approving the CHAS. Fourth, for those PJs that have authorized their staff to make final funding decisions, a commitment letter signed by the authorized signatory (that is, the person having final approval authority) shall be sufficient, so long as documentation delegating final approval authority to the signatory is also submitted.

v. Owner equity/loans and deferred developer fee: All applicants representing that they shall be contributing equity beyond that generated by the tax credit shall disclose the amount, the source, and all terms. Applicants “coming out-of-pocket” to fill a funding gap shall provide supporting documentation (that is, bank statements) and a letter from an independent C.P.A. certifying that the applicant has the amount of cash that is needed to fill the funding gap. Except for owner equity/loans listed in conjunction with (c)6viii and x below, any owner equity/loans in excess of \$1,000,000 shall be considered a permanent source that cannot subsequently be replaced by another funding source. Cash already expended on the project by the applicant can

be utilized as a source of funds if the expenditures are verified by an independent C.P.A. and the cash is not an advance of other project funding sources. If the developer fee is deferred, applicants shall specify the amount, and when and how it will be paid. (NJHMFA establishes maximum developer fees.) Projects that utilize more than 50.00 percent of the total developer fee as a funding source at the application stage shall be declared infeasible, unless such use of the developer fee is on an interim basis (that is, if an anticipated funding source to replace the deferred developer fee is identified in the application, and the commitment of those funds is received no later than the issuance of the carryover allocation/binding agreement). Failure to secure the funding source and subsequently reduce the deferred portion of the developer fee to 50.00 percent of the total amount by carryover shall result in a cancellation of the tax credit reservation. Contractor fees cannot be pledged. Applicant equity or deferred developer fee may be subsequently replaced by State HOME or AHTF resources only if the application for State HOME or AHTF resources has been submitted by the tax credit application deadline.

vi. Investor commitments: Applicants who do not have an agreement with a syndicator/investor at the time of application or who have only received an investor's term sheet may still apply for tax credits; however, NJHMFA shall underwrite the project at the lowest level of the NJHMFA equity range. Applicants that have an investment agreement with their investor shall have their project underwritten at a higher price, upon request, provided the equity pricing falls within the NJHMFA equity range. The applicant shall include in the application a commitment letter (not a term sheet) from an investor evidencing the net pricing (cents per credit dollar) and total anticipated net proceeds. Applicants of projects where the general partner(s) (or equivalent) will be retaining a two-or-more-percent ownership interest will have a retention factor added to the NJHMFA base of the equity range or the project's net pricing.

vii. All-equity projects: Such projects include those where the applicant is financing the project and is taking the credits itself and those where the project is permanently financed solely on tax credit proceeds (that is, no mortgage, grants, etc.). Applicants of projects in the former category shall comply with (c)6v above and shall have a retention factor added to the base of the NJHMFA equity range. Applicants of projects in the latter category shall submit a fully executed investor commitment evidencing the pricing per credit dollar and total anticipated net proceeds shown in the application. If there is sufficient cash flow to amortize debt, the applicant shall obtain a mortgage commitment for such debt.

viii. Federal Home Loan Bank (FHLB): Applicants applying for tax credits and the FHLB Affordable Housing Program shall not be required to submit a commitment letter from FHLB by the application deadline. If a project fails to receive FHLB funding, the project may be declared infeasible unless there is an alternate source of financing, such as a deferred developer fee, identified in the tax credit application and commitment of the alternate funding is received by issuance of the carryover allocation/binding agreement.

ix. Municipal Affordable Housing Trust Funds: A copy of the current spending plan listing the project that has been approved by the municipality and submitted to DCA or the courts by the application deadline shall be submitted in the application.

x. New Jersey Economic Development Authority (NJEDA) funding: For projects applying for funds from NJEDA and for four-percent LIHTCs, the applicant shall ensure that NJEDA has informed NJHMFA of any of the applicant's projects that have submitted a complete application for funding, the projects NJEDA intends to fund, and the subsidy amounts. If a project does not receive NJEDA funding, the project may be declared infeasible unless there is an alternate source of funding identified in the tax credit application and commitment of the alternate funding source is received by issuance of the 42(m) letter. For projects applying for funds from NJEDA and for nine-percent LIHTCs, a commitment letter from NJEDA shall be submitted in the tax credit application.

7. In accordance with the Code, NJHMFA shall examine the reasonableness of the operational costs of the project. Applicants shall demonstrate that their project is financially feasible and viable as a qualified low-income housing project throughout the tax credit compliance period.

i. Projects shall be underwritten to demonstrate project feasibility at a household median income percentage that is 2.5 percent below the income designation selected. For example, if the 50-percent AMI income designation is selected, those units shall be underwritten with rents affordable to tenants at or below 47.5 percent of the area median income adjusted for family size. Supportive housing units not receiving project-based rental assistance shall be underwritten with rents affordable to tenants whose incomes are at or below 20 percent of the area median income adjusted for family size.

ii. Applicants shall submit a 15-year cash flow pro forma signed by the first mortgagee (or syndicator/investor if the project has no hard debt) which exclusively reflects the following language verbatim: "We acknowledge that this pro forma substantially matches the assumptions used in our underwriting of the mortgage (equity investment)."

(1) The pro forma must precisely reflect the rent structure in the tax credit application, including all lenders' assumptions such as principal and interest payments, non-rental income, operating expenses, required reserves, annual fees, etc., as well as other characteristics of the application that impact financial feasibility (for example, cost of social services). That is, a project's applications for any and all other financing must mirror the development cost, operating assumptions, rent structure, etc., shown in the tax credit application.

(2) Year one of the pro forma shall show stabilized operations. If the pro forma reflects negative cash flows in any year, the application shall demonstrate the funding and utilization of an Operating Deficit Escrow Account (ODEA). Assumptions regarding interest on the ODEA shall be reasonable.

(3) The pro forma may reflect rental assistance only if such assistance is project-based and is evidenced by the submission requirements described at (c)13 below. The subsidy may be illustrated only for the initial contractual term; that is, future renewals of project-based subsidy contracts cannot be assumed. Upon the expiration of project-based rental assistance, supportive housing projects shall be underwritten at rents no more than 20 percent of area median income adjusted for family size. For non-supportive housing projects, the project

shall be underwritten at rents that are appropriate for market conditions (and are thus supported by the market study required at (c)1ii above); however, in no event shall rents exceed 50 percent of area median income adjusted for family size.

(4) Year one of the pro forma should reflect core operating expenses between \$3,000 and \$4,000 per unit. For those projects with core operating expenses less than \$3,000 per unit or more than \$4,000 per unit, the application shall include an explanation supported by audited financial statements as to why the per unit operating expenses fall outside this recommended range, except that no family project shall have core operating expenses below \$3,000 per unit and no senior project shall have core operating expenses above \$4,000 per unit. Other operating expenses will be evaluated for reasonableness given the characteristics of the project.

(5) Executed leases for a minimum term of five years shall be required for projects that rely upon commercial income to demonstrate financial feasibility. Should the term of the executed lease end prior to the end of the compliance period, NJHMFA shall use a vacancy rate of 50 percent for the years not covered by the lease.

iii. Applicants shall submit at least two forms of data supporting the operating expenses stated in the pro forma (for example, database information, comparable project information, Institute of Real Estate Management (IREM) statistics), or an NJHMFA Form 10 signed by the NJHMFA Asset Management Division. NJHMFA reserves the right to require submission of the audited financial statements for comparable projects owned by the applicant.

iv. NJHMFA reserves the right to require a residual value analysis (conducted by the partnership's accountant) of any project with significant soft debt, at any time during the application and/or allocation process.

v. Projects with market-rate units shall distribute the low- and moderate-income units among the different-sized units to reflect the same percentage distribution as the number of different-sized units bear to the total number of units. A greater percentage of the low- and moderate-income units may, however, be allocated to the larger units. Additionally, low- and moderate-income units shall be distributed throughout the project such that the tenants of such units have equal access to, and enjoyment of, all common facilities of the project. (See N.J.A.C. 5:80-8.3.)

8. Successful participation in the New Jersey Clean Energy Program's (NJCEP) NJ ENERGY STAR Certified Homes Program Version 3.1, NJ Zero Energy Ready Homes, NJ Pay for Performance – New Construction, ENERGY STAR Multifamily New Construction Version 1.1, or alternative per the Guide to QAP Green Requirements (Green Guide), and in the NJHMFA Energy Benchmarking Initiative shall be required for all applications. Both the Green Guide and the NJHMFA Energy Benchmarking Initiative are available at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>.

i. All applicants shall comply with the requirements of the Green Guide. Applications shall include a copy of a signed contract between the applicant and a Home Energy Rating System

(HERS) rater and a signed letter of intent provided by NJHMFA, which states that the applicant has read the Green Guide and will comply with all requirements thereof. At the time a project is placed in service, owners shall submit to NJHMFA the Certificates issued by the NJCEP (or equivalent) for each dwelling unit/building, as applicable, in the project.

ii. In order to satisfy the Energy Benchmarking Initiative requirements at (c)8 above, the application shall include a copy of the completed and signed letter of intent from the developer to NJHMFA. Prior to issuance of the IRS Form 8609, the developer/owner shall submit the forms at (c)8ii(1), (2), and (3) below, which can be found at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>:

(1) A completed NJHMFA New Jersey Green Homes Office Building Owner Utility Release Form for all common area meters (gas; oil; electric; cogeneration);

(2) A completed NJHMFA New Jersey Green Homes Office Energy Benchmarking Survey Form, which includes building data consisting of the name, age, address, number of floors, inclusion of elevators, square footage, number of buildings, whether the building(s) are master- or individually-metered, a description of any previously completed energy-efficiency work, and utility account information; and

(3) Completed NJHMFA New Jersey Green Homes Office Tenant Utility Release Forms and/or evidence that requests for such forms were made from at least 40 percent of tenants occupying the project at the time of the IRS Form 8609 issuance for new construction or at least 25 percent of each unit type for rehabilitation projects. The applicant shall also be required to include the tenant utility release form as a part of the lease agreement. For new construction projects, the applicant shall ensure that at least 40 percent of the tenants have active utility release forms (or shall provide documentation of the efforts to obtain such forms) and common area utility data shall be reported for the first three years of occupancy. For rehabilitation projects, the applicant shall provide utility data for one year prior to commencement of renovation work and for two years post-construction for all common areas and at least 25 percent of each unit type. Common area and tenant utility data shall be uploaded into the ENERGY STAR Portfolio Manager at www.energystar.gov/benchmark pursuant to the procedures outlined in the NJHMFA Energy Benchmarking Technical Manual, available at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>. In order to satisfy the resilience requirements of the Green Guide, the application shall include a Site and Risk Assessment Review Report. Prior to issuance of the IRS Form 8609, the developer/owner shall submit an Emergency Management Plan addressing all site-specific risk hazards per the requirements in the Green Guide.

9. Successful completion of an NJHMFA-approved tax credit certification program prior to the project being placed in service. The staff person responsible for verification of tenant income must be the person to successfully pass the certification examination and meet a continuing education requirement of at least six hours annually by an approved provider for the term of the compliance and extended use periods. For the list of approved tax credit certification programs, please contact NJHMFA's Division of Multifamily/Supportive Housing and Lending at NJHMFAtaxcredits@njhmfa.gov.

10. Applicants requesting acquisition credits shall include an attorney's opinion regarding each building's eligibility for acquisition credits. The acquisition value shall be the lesser of the appraised value or the purchase price or lease fee of the realty and any buildings and improvements thereon in the most recent arm's length transaction, if such a transaction occurred within the past 10 years, as determined by a title history. The title report shall identify each party associated with the transaction. The appraised value of the real estate shall be determinative if it is less than the amount of the most recent arm's-length transaction or if there was no arm's-length transaction within the past 10 years. Applicants shall submit an appraisal not older than six months, which may be subject to third-party review. If acquisition credits are denied, the application shall still be considered for rehabilitation credits so long as the project remains feasible without the acquisition credits. NJHMFA reserves the right to require a capital needs assessment for any project seeking acquisition credits and/or an independent appraisal that conforms to the Uniform Standards of Professional Appraisal Practice (USPAP).

11. For all projects that are claiming a prior owner's expenditures in basis, a C.P.A. shall itemize the step-in-the-shoes costs and certify that the amount of the step-in-the-shoes costs shown in the application has indeed been spent and is accurately reflected in eligible basis. Prior owner's developer fees shall not be recognized.

12. All projects funded by the United States Department of Agriculture (USDA) Rural Development shall provide a letter from the State Director approving the loan and stating that the funds have been obligated. Because USDA Rural Development does not fund a developer fee, the allocated credit amount may be limited to an amount sufficient to pay only the developer fee. NJHMFA establishes the maximum developer fee.

13. All applicants receiving rental subsidy from a government or private source shall submit with the tax credit application evidence of receipt of such assistance. Evidence of Project Based Section 8 Rental Assistance shall include, at a minimum, a letter from the Public Housing Authority (PHA) firmly approving the project for Project Based Section 8 Rental Assistance subject to the completion of the subsidy layering review or a Commitment to enter into a Housing Assistance Payments Contract (CHAP) under the HUD Rental Assistance Demonstration (RAD). For projects involved in the AFL-CIO Pension Fund Program, a preliminary commitment from the AFL-CIO shall suffice. For other types of (non-Section 8) rental assistance, evidence shall include a fully executed rental assistance contract that specifies the source and term of the subsidy. Only projects receiving project based rental assistance may underwrite the project using the fair market rents (FMRs) as defined by the project's approved HAP contract. Upon the expiration of project based rental assistance, Supportive Housing projects shall be underwritten at rents no more than 20 percent of area median income adjusted for family size. For non-Supportive Housing projects, the project shall be underwritten at rents that are appropriate for market conditions (and are thus supported by the market study required at (c)1ii above); however, in no event shall rents exceed 50 percent of area median income adjusted for family size. If State Rental Assistance Program (SRAP) rental subsidy is available, projects applying for SRAP and tax credits shall comply with the applicable rules of these programs. DCA will inform NJHMFA of those projects that have submitted a complete application for SRAP by the tax credit application deadline. DCA will inform NJHMFA of the projects it intends to fund and the subsidy amounts if those projects are sufficiently competitive to receive tax credits.

DCA will announce the SRAP commitments at the same time NJHMFA awards the reservations of tax credits.

14. Supportive housing projects or projects applying to any cycle that contain supportive housing units shall submit the following items in addition to those items at N.J.A.C. 5:80-33.15(a)5:

- i. A supportive housing population needs analysis;
- ii. A supportive housing marketing plan. The plan must identify the organizations that will be used for referrals and provide evidence, such as a letter of support, attesting that such organizations have experience serving the target population and can be a source for referrals. For example, if the target population is homeless individuals or homeless families, a resolution indicating that referrals will be provided or a letter of support from the local/county Continuum of Care is recommended;
- iii. Evidence of the supportive housing development, management, and/or supportive services experience of the owner entity, property management entity, and/or social service provider who will be providing the property management and supportive services to the residents;
- iv. Sources of funding and, if applicable, a social services plan that includes a detailed description of the scope of services to be provided to the individuals with special needs. If the social service provider is partnering with other community services, that relationship must be substantiated with executed letters of agreement detailing the services to be provided and the term thereof;
- v. An executed supportive services agreement between the supportive services provider and the owner entity; and
- vi. Evidence of the receipt of rental assistance or operating subsidy commitment(s) for special needs populations below 30 percent of area median income and/or evidence that the supportive housing units are affordable to the target population.

15. All owners and developers shall affirmatively market their projects. For projects of 25 units or more, applicants shall submit an Affirmative Fair Housing Marketing Plan, which, in short, documents how the project will be marketed to those people who are least likely to apply. For instance, if the proposed development is located in an area predominantly populated by white persons, outreach should be directed to non-white persons. Conversely, if the population is predominantly Black persons, outreach should be directed to non-Black persons. Pursuant to N.J.S.A. 52:27D-321.3 et seq., affirmative fair housing marketing plans shall include registering projects on the New Jersey Housing Resource Center (HRC) and posting vacancies, waitlist opportunities, and lottery drawings when accepting applications for such openings. The listings on the HRC shall comply with N.J.S.A. 52:27D-321.6.a for initial marketings and with N.J.S.A. 52:27D-321.6.b and 6.c for all subsequent applications. Additionally, as part of the affirmative marketing requirement, the owner/developer shall notify the local CoC of any units reserved pursuant to N.J.A.C. 5:80-33.15(a)22 for individuals and families that are homeless. At the time the units are

placed in service, the owner/developer and rental agent shall certify that the project was affirmatively marketed.

16. Projects with HOPE VI/Replacement Housing/Choice Neighborhoods Implementation funding shall submit the following:

- i. A copy of the commitment letter from HUD awarding funds to the public housing authority. The applicant shall disclose the terms and conditions of the HOPE VI/Replacement Housing/Choice Neighborhoods Implementation grant to the public housing authority that funds the project, as well as the terms and conditions of the funding arrangements between the public housing authority and the applicant;
- ii. An opinion of tax counsel in support of the dollar amount of the eligible basis for the project set forth in the application. Attached to this opinion, and incorporated therein, shall be the accountant's analysis required in (c)16iii below;
- iii. An analysis conducted by an independent auditor of anticipated project cash flow and residual value demonstrating a reasonable prospect of repayment of all loans funded by the proceeds of the HOPE VI/Replacement Housing/Choice Neighborhoods Implementation Grant funds and all debt. This analysis shall incorporate the same assumptions utilized in the 15-year cash flow pro forma submitted pursuant to (c)7ii above; and
- iv. The applicant shall demonstrate that any HOPE VI/Replacement Housing/Choice Neighborhoods Implementation Grant funds used in the application to establish eligible basis at any time during the credit period are received pursuant to contractual financing provisions that, when viewed in the context of reasonably anticipated project cash flow and residual value, constitute lawful basis pursuant to the Code and applicable law.

17. Non-preservation projects located in census tracts wherein 30 percent or more of the existing housing units are low-income housing tax credit units shall not be eligible for funding unless the following criteria are met:

- i. The project must be a redevelopment project;
- ii. The project does not add more low-income units to the census tract, unless the developer enters into a legally binding community benefits agreement with the municipality to invest resources into the impacted census tract;
- iii. The project plan includes relocation options to higher opportunity areas and mobility counseling assistance for existing residents; and
- iv. The application includes a municipal resolution that references this paragraph (N.J.A.C. 5:80-33.12(c)17) and supports the allocation of housing tax credits for the development.

18. Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project when title was foreclosed thereon by entry of judgment or deed in lieu of foreclosure shall not be eligible for tax credits for a period of seven years from the date of entry of the judgment of foreclosure or deed in lieu of foreclosure, whichever shall have occurred first. Applicants that have a general

partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project that the Tax Credit Committee (Committee) determined exhibits a pattern of uncorrected noncompliance shall not be eligible for tax credits for a period of three years from the date all issues of noncompliance are deemed corrected by the Committee.

19. High-speed internet must be provided in all common areas at no charge to tenants and high-speed internet hookup capability must be installed in all units.

20. By submitting an application, the applicant waives the right to request to terminate the extended use period through the qualified contract (QC) process pursuant to Sections 42(h)(6)(E), (F), and (I) of the Code. This waiver will be included in the extended use agreement described at N.J.A.C. 5:80-33.29.

21. NJHMFA is committed to the long-term affordability of developments for the benefit of tenants and full compliance by applicants and principals with the provisions of the Code, the extended use agreement, and other program requirements. NJHMFA similarly has an interest in preserving the right of first refusal (ROFR) by a qualified nonprofit organization at the close of the compliance period, as authorized at Section 42(i)(7) of the Code. NJHMFA reserves the right to require any or all of the following from applicants, as applicable:

- i. Provisions to be included in the applicant's organizational documents limiting transfers of partnership or member interests or other actions detrimental to the continued provision of affordable housing;
- ii. Terms in the extended use agreement requiring notice and approval by NJHMFA of transfers of partnership or member interests;
- iii. A designated form of ROFR document as produced by NJHMFA;
- iv. An ROFR agreement, including specific language that acknowledges the right of the qualified nonprofit organization to exercise the ROFR, provides that consent to execution of the ROFR may not be unreasonably withheld by the investor, and provides that the ROFR is not conditioned upon receipt by the owner of a bona fide offer from any party, to be reviewed by NJHMFA prior to issuance of IRS Form 8609;
- v. A letter of intent from a tax credit investor that clearly grants to a qualified nonprofit organization a right of first refusal to purchase the project for not less than the minimum purchase price as set forth in Section 42(i)(7)(B) of the Code following the expiration of the tax credit compliance period;
- vi. Written acknowledgement from any or all potential investors or syndicators that they have never sought to undermine the exercise of a right of first refusal or option to purchase in prior transactions, that they understand that return on investment is primarily in the form of tax benefits and not dependent on the project's appreciation in value, and that the ROFR as

authorized in Section 42 of the Code is distinct from a right of first refusal pursuant to state statutory, court-interpreted, or common law;

vii. Negative points for applications involving sponsors, investors, syndicators, or lenders that, in NJHMFA's determination, have demonstrated a history of conduct detrimental to long-term compliance with extended use agreements, whether in New Jersey or another jurisdiction, and the provision of affordable tax credit units; and

viii. Provisions to implement any amendments to the Code or any future Federal or State legislation, regulations, or administrative guidance.

ix. The decision whether to institute, and the terms of, any such requirements shall be made by NJHMFA as reasonably determined to be necessary or appropriate to achieve the goals stated in this subsection and in the best interests of the QAP.

5:80-33.13 Application for additional credits

- (a) Applicants may apply for additional credits only through a hardship request from the Reserve.
1. Applicants submitting hardship requests of up to \$150,000 shall apply for an award from the Reserve. See N.J.A.C. 5:80-33.8 for a description of the Reserve.
 2. Applicants shall submit all of the following before NJHMFA will consider any hardship request:
 - i. The re-application fee;
 - ii. A Sponsor Certification for Re-Application (including all updates to the original application);
 - iii. A rent qualification chart, income and expense statements, and 15-year cash flow pro forma, all reflecting current projections. The pro forma shall be signed by the first mortgagee (or syndicator/investor if the project has no hard debt) exclusively reflecting the following language verbatim: "We acknowledge that this pro forma substantially matches the assumptions used in our underwriting of the mortgage (equity investment)";
 - iv. An explanation why additional credits are being sought plus supporting documentation. Projects that did not submit a Phase I environmental assessment (conducted in accordance with ASTM E1527-21, Standard and Poor's Enhanced Protocol) with their original applications for tax credits are not eligible for additional credits for environmental overruns;
 - v. Evidence that at least 50 percent of the developer fee is deferred and that the applicant has attempted to increase funding from every other source (except State AHTF from DCA) before applying to the Reserve for additional credits. The developer fee cannot exceed that stated in the original application; and

vi. A letter agreement with the syndicator/investor that addresses the pricing to be paid for the original and additional credits. (If the applicant is still incurring costs and is using a projection of costs and basis in their application for additional credits, the investor shall verify the projection.) The agreement shall also identify the intended end user/purchaser of the tax credits.

(b) Should additional credits be awarded to a project, an allocation/issuance fee shall be paid as provided at N.J.A.C. 5:80-33.25.

(c) The sponsor of a project that receives its initial tax credit award prior to the 2024 funding cycle and also receives hardship credits from the Reserve as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, for each award of hardship credits received shall be eligible for one fewer award for a new project from all tax credit cycles in the round following the day on which the Tax Credit Committee approves the request. The sponsor of a project that receives its initial tax credit award in the 2024 funding cycle or later and also receives hardship credits from the Reserve as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, shall be precluded from applying for tax credits for a new project for all tax credit cycles in the round following the day on which the Tax Credit Committee approves the request.

5:80-33.14 Scoring and ranking

(a) Due to the limited amount of credits and the high volume of applications to NJHMFA, only a fraction of the projects that apply typically receive credits. In addition to meeting the eligibility criteria described at N.J.A.C. 5:80-33.12, applications that fail to satisfy a minimum of 65 percent of the maximum score pursuant to the ranking criteria established at N.J.A.C. 5:80-33.15, 33.16, and 33.17 shall be declared ineligible to obtain a reservation of tax credits. NJHMFA will rank projects according to the score sheet submitted in the project's application. Should an applicant fail to include a completed self-score sheet, the application shall be ranked utilizing a preliminary score as determined by NJHMFA. NJHMFA shall perform a cursory review of the application and shall assume the maximum score for each of the criteria at N.J.A.C. 5:80-33.13, 33.15, 33.16, 33.17 and this section provided the requisite documentation has been submitted. Based on this ranking, NJHMFA will then examine the applications of only those projects that rank sufficiently high to receive credits. Once it is determined that an application meets all eligibility requirements, it is admitted into the cycle and underwritten.

(b) Applications shall receive points based on the point system for the particular cycle in which they compete. In the event of a tie score, projects shall be ranked according to the tiebreaker system. Then, reservations shall be awarded to the applications with the highest scores and, in the case of equally high scores, to the applications that successfully meet the tiebreaker criteria, with reservations first going to projects in the set-asides.

(c) All units in the project must qualify for a point category in order for the application to receive the points, unless expressly stated otherwise in the point categories described at N.J.A.C. 5:80-33.15 , 33.16, and 33.17.

(d) Applicants who are successful in receiving tax credits are strongly advised to closely oversee during construction the implementation of all categories for which the application received points. Implementation shall be verified through certifications and on-site inspection by NJHMFA (or its authorized designee).

5:80-33.15 Point system for the Family Cycle

(a) The point system for the Family Cycle is as follows:

1. Applicants may select one of the following options (10 to 20 points):
 - i. Projects not located within a Targeted Urban Municipality (TUM) that extend their compliance period for an additional 15 years shall be awarded 20 points. The minimum term of the low-income occupancy commitment is 30 years: a 15-year compliance period plus a 15-year extended use period. An owner electing to extend the compliance period for 15 years will be restricting the property for 45 years—a 30-year compliance period and a 15-year extended use period. This restriction will be enforceable by NJHMFA and future tenants through a deed of easement and restrictive covenant, which shall be recorded by NJHMFA pursuant to State law at the latter of the carryover allocation described at N.J.A.C. 5:80-33.24(a)1 or acquisition of the property; or
 - ii. Projects located in a TUM that extend their compliance period for an additional 15 years shall be awarded 15 points; or
 - iii. For single-family and duplex housing that will convert to tenant ownership, 10 points shall be awarded. Such projects must convert to home ownership at the end of the compliance period. Syndication documents must reflect the conversion. The deed of easement and restrictive covenant shall reflect a right of first refusal to be granted by the owner to the tenants.
2. An application shall receive two points if the project utilizes public housing waiting lists.
3. Low-density buildings where at least 25 percent of the tax-credit units are large-family units shall be eligible for five points. Points are based on the percentage of large-family units with respect to the total number of tax-credit units, not on square footage.
4. Applicants may receive up to five points for municipal support.
 - i. Projects that receive a fixed-rate tax abatement for a 15-year term with a rate of 6.28 percent or less (inclusive of all fees) on the residential component shall receive five points. Projects that receive a fixed rate tax abatement for a 15-year term with a rate on the residential component of more than 6.28 percent shall receive three points. If the specifics of the tax abatement (for example, percentage of rent roll, term) are not recited in the resolution/ordinance, the financial agreement to the tax abatement shall be included with the application. Proof of an applicant's tax-exempt nonprofit status is not sufficient to qualify for points for tax abatement. In order to receive points pursuant to this category, the resolution/ordinance approving the

abatement shall be submitted and must cite the proper statutory authority. For projects receiving tax abatement pursuant to the New Jersey Long Term Tax Exemption Law, N.J.S.A. 40A:20-1 et seq., the first stage of the exemption period shall be for no less than 15 years. Only projects utilizing financing from NJHMFA may be granted abatement pursuant to N.J.S.A. 55:14K-37(b). For information regarding NJHMFA financing, please contact the NJHMFA Division of Multifamily/Supportive Housing and Lending at NJHMFAtaxcredits@njhmfa.gov.

ii. Projects that do not receive a tax abatement at (a)4i above shall capitalize an escrow in an amount equal to two years' worth of taxes and have a 1.20 debt coverage ratio with a minimum of \$3,000 per unit core operating expenses.

5. As the availability of social services greatly improves the quality of life for residents, NJHMFA awards up to six points for the provision of up to three social services for the compliance period. Two points will be awarded per service offered. A description of each service is required. Examples of eligible services include, but are not limited to: social service coordinator; financial literacy services; food insecurity/nutrition services; health promotion programs and screenings; job training and job search assistance; and computer literacy/lab programs. The services shall be affordable, appropriate, available, and accessible to the project's tenants. Services provided free of charge to all residents/seniors of a county/municipality based solely on residency status shall not qualify for points in this category. Applicants shall support their claim to provide social services by providing the following:

- i. Evidence of funding sources or documentation of how or by whom the services shall be paid;
- ii. Evidence of experience of the service provider for both provision of social service and fulfillment of prior private or governmental contracts; and
- iii. Evidence of firm agreements (executed contracts) with service providers for the services.

6. Five points are awarded to projects that have a certified M/WBE with at least a 20-percent interest in the general partner/managing member or pledge to expend a sum equaling at least 20 percent of construction cost on contractors, subcontractors, and material suppliers that are certified M/WBEs.

7. Projects located within a ready to grow area shall be awarded two points.

8. NJHMFA awards up to six points for the provision of unit amenities. Two points will be awarded per amenity offered. The costs of the amenities must be shown in the capital and/or operating budgets, as appropriate. Amenities must be appropriate to the proposed tenant population. The list provided below is not all-inclusive. Substitution of amenities is only permitted with prior approval from NJHMFA. It is incumbent upon the applicant to demonstrate how each substitute amenity provides a comparable benefit to the tenants as those amenities listed below.

- i. A security alarm;

- ii. A washer and dryer hook-up with drip pan or floor drain;
- iii. An ENERGY STAR-labeled frost-free refrigerator of 14 cubic feet for efficiencies and one bedroom, 16 cubic feet for two bedrooms, 18 cubic feet for three bedrooms, and 20 cubic feet for four bedrooms;
- iv. An ENERGY STAR-labeled washer and dryer;
- v. An ENERGY STAR-labeled dishwasher;
- vi. Through the wall, individual dwelling unit air conditioning;
- vii. A minimum bedroom size of 100 square feet;
- viii. Minimum kitchen cabinets of 14 linear feet (for up to two bedrooms) and 16 linear feet (for three bedrooms or more);
- ix. Minimum closet space of 14 linear feet for efficiencies and one bedroom, 24 linear feet for two bedrooms, 30 linear feet for three bedrooms and 35 linear feet for four bedrooms;
- x. Emergency panic/call button, necklace, or bracelet for all residents —senior projects only;
- xi. Garages;
- xii. Patios;
- xiii. Outside storage lockers; and
- xiv. Free high-speed internet subscription service in all units. All costs for providing high-speed internet must be shown in the operating budget.

9. NJHMFA awards up to four points for the provision of project amenities. Two points will be awarded per amenity provided. The costs of the amenities must be shown in the capital and/or operating budgets, as appropriate. Amenities must be appropriate to the proposed tenant population. Applicants may select any combination of the following amenities in order to receive the maximum four points. The list provided below is not all-inclusive. Substitution of amenities is only permitted with prior approval from NJHMFA. It is incumbent upon the applicant to demonstrate how each substitute amenity provides a comparable benefit to the tenants as those amenities listed below.

- i. A playground (family projects only);
- ii. A community room/building (minimum 1,600 square feet);
- iii. On-site laundry facilities, using ENERGY STAR-labeled commercial equipment;

- iv. Open space set aside for use by all residents, comprising at least 25 percent of the project's permanent open space, of which at least 80 percent is unpaved (rooftop gardens can be included in open space calculations if the roof area is accessible to and can be used by all residents);
- v. Average interior unit sizes of 550 square feet for efficiencies, 650 square feet for one bedroom, 875 square feet for two bedrooms, 1,150 square feet for three bedrooms, and 1,250 square feet for four bedrooms;
- vi. 1.0 parking spaces per unit (may be off-street: garage, parking lot, pad, or driveway, or on-street: designated/permit);
- vii. Healthy food delivery program (at least twice per month); and
- viii. Smoke-free community.

10. Projects that demonstrate community policing or public safety enhancements shall be awarded two points. Applicants may select any of the following strategies in order to receive the points. The list provided below is not all-inclusive. Substitutions are only permitted with prior approval from NJHMFA. It is incumbent upon the applicant to demonstrate how the proposed substitution provides a comparable benefit to the tenants as those items listed below.

- i. An evening security guard;
- ii. On-site community policing station;
- iii. Camera/security system in each building;
- iv. Coordination/training for community policing groups and/or property manager by a governmental law enforcement agency;
- v. Incorporation of Community Policing Through Environmental Design (CPTED) characteristics in the design, layout, and construction of buildings and on-site facilities;
- vi. Partnerships or agreements that increase on-site police and security patrols on the development site (that is, leveraging partnerships with other funding sources for police salaries such as State Urban Enterprise Zones, Special Improvement Districts, Community Oriented Policing grants, etc.);
- vii. Innovative approaches that increase the number of community policing volunteers as residents of the development (including rent reductions or subsidies where allowable); and
- viii. Using operating funds or alternative funding sources such as Urban Enterprise Zone funds or HUD grants to purchase or subsidize the purchase of take-home police vehicles for law enforcement officers in the development.

11. Applications may receive up to a maximum of six points for the following (to be eligible for points in this category, proximity to the locations at (a)11i(1) through (20) below shall be addressed in the market analysis as required at N.J.A.C. 5:80-33.12(c)1). At a minimum, structures must have building permits issued and be under construction to qualify:

i. As indicated, projects located within one-half mile of the positive land uses at (a)11i(1) through (8) below shall receive two points. Family Cycle projects located within three miles of positive land uses (a)11i(1) through (20) below shall be awarded one point. Age-Friendly Senior Cycle and Supportive Housing Cycle projects located within one mile of positive land uses at (a)11i(1) through (20) below shall be awarded one point. Multiple points shall not be awarded for proximity to multiple positive land uses of the same category (that is, a project located within one-half mile of two supermarkets will receive two points, not four points). While a project may qualify for more than six points, an application can receive no more than six points for positive land uses:

- (1) Full-service grocery store or supermarket (minimum 15,000 square feet, non-senior projects only, unless dedicated transportation to the full-service grocery store or supermarket is provided as set forth at N.J.A.C. 5:80-33.16(b)2i)—two points;
- (2) Hospital/medical clinic—two points;
- (3) Public school (non-senior projects only)—two points;
- (4) Senior center (senior projects only)—two points;
- (5) Licensed day care services (non-senior projects only)—two points;
- (6) Family success center (non-senior projects only), a list of which can be found here: <https://www.nj.gov/dcf/families/support/success/>—two points;
- (7) One-stop career center (non-senior projects only), a list of which can be found at <https://nj.gov/labor/career-services/job-search/get-support/onestoplocations.shtml>—two points;
- (8) Community mental health center/counseling center (Supportive Housing Cycle only)—two points;
- (9) Pharmacy—one point;
- (10) Department or retail merchandise store—one point;
- (11) Bank/credit union—one point;
- (12) Restaurant (other than fast food restaurants)—one point;

- (13) Indoor public recreation facilities, such as civic centers, community centers, and libraries—one point;
- (14) Outdoor public recreation facilities, such as parks and swimming pools—one point;
- (15) Medical day care (senior projects only)—one point;
- (16) Medical offices (physician, dentistry, or optometry)—one point;
- (17) Religious institution—one point;
- (18) Post office, city hall, or county courthouse—one point;
- (19) Fire/police station—one point; and
- (20) Institution of higher education or continuing education—one point.

ii. Projects located within one mile of the following negative land uses at (a)11ii(1) through (8) below shall have three points deducted from the project score for each qualifying item, up to a maximum of six points for each application:

- (1) Landfill;
- (2) Garbage dump;
- (3) Trash incinerator;
- (4) Nuclear power plant;
- (5) Oil/chemical refinery;
- (6) Unremediated Superfund or toxic waste site as identified by the Environmental Protection Agency (EPA) or the New Jersey Department of Environmental Protection (DEP);
- (7) Jail/prison; and
- (8) Wastewater treatment facility.

iii. Example: A project is located within one-half mile of an elementary school, a grocery store and an oil refinery. The project shall be awarded one point.

12. Applications that include a commitment letter signed by the syndicator or investor or executed partnership agreement/operating agreement specifying net pricing and net capital contributions within the NJHMFA equity range shall receive three points. Applicants utilizing the credits

themselves do not have to submit a syndicator letter to receive the points. Term sheets do not qualify for these points.

13. Applications may receive up to a maximum of four points for the following:

- i. Applicants may select one of the following green building options and receive four points:
 - (1) Enterprise Green Communities, Mandatory + 40 optional points or higher with climate-adaptive selections;
 - (2) Leadership in Energy and Environmental Design (LEED), Silver or higher with climate-adaptive selections;
 - (3) National Green Building Standard (NGBS), Silver or higher with climate-adaptive selections;
 - (4) NJ Zero Energy Ready Homes + renewables;
 - (5) Living Building Challenge; or
 - (6) Passive House.
- ii. Alternatively, applicants may select one of the following green building options for three points:
 - (1) Enterprise Green Communities, Mandatory + 40 optional points;
 - (2) Leadership in Energy and Environmental Design (LEED), Silver or higher; or
 - (3) National Green Building Standard (NGBS), Silver or higher.

14. Applicants may select any of the following options. A maximum of 12 points shall be available in this category:

- i. Redevelopment projects, rehabilitation of historic buildings, or projects that involve the adaptive reuse of a non-residential building shall qualify for one point. A significant component of the development (40 percent or more of the units) shall be located within a historic building or a building being adaptively reused;
- ii. A project may select one of the options set forth at (a)14ii(1), (2), (3), or (4) below based on the availability of public transportation. A project will qualify for up to two additional points if the municipality in which it is fully located has a jobs-to-housing ratio of 1.5 or greater or will qualify for one additional point if the municipality in which it is fully located has a jobs-to-housing ratio between 0.95 and 1.5. NJHMFA shall rely on the most recent data available from the New Jersey Department of Labor and Workforce Development and the American Community Survey Five-Year Estimates, Table B25001, as of the application deadline, as well as the data for the preceding calendar year. Up to five points for public transportation and/or jobs availability can be received for each application.
 - (1) The project is fully located within a Transit Village district—five points;
 - (2) The project is fully located within one-quarter mile of public transportation that is operated by a publicly-owned entity or authority—three points;

- (3) The project is fully located within one-half mile of public transportation that is operated by a publicly-owned entity or authority—two points; and
- (4) The project is fully located within one-half mile of public transportation that is paid for by the development—one point;

iii. A project shall receive points as set forth at (a)14iii(1), (2), or (3) below based on the school district in which it is fully located, according to the percentage of students that are either meeting expectations (Level 4) or exceeding expectations (Level 5) on the Grade 4 New Jersey Student Learning Assessments (NJSLA) in both Math and English Language Arts (ELA). NJHMFA shall rely on the most recent data available from the New Jersey Department of Education (DOE) as of the application deadline, as well as the data for the preceding calendar year. For example, the data released for 2021 and 2022 by the DOE will be accepted for applications submitted in 2023. If the NJSLA is no longer in use, NJHMFA will substitute whatever assessment is designated as a replacement by the DOE. A project will qualify for one additional point if the school district in which it is fully located participates in New Jersey's Interdistrict Public School Choice Program starting no later than Grade 6. Up to three points for school district characteristics can be received for each application.

- (1) At least 66 percent of Grade 4 students are either Level 4 or Level 5 on the NJSLA in both Math and ELA — three points;
- (2) At least 50 percent of Grade 4 students are either Level 4 or Level 5 on the NJSLA in both Math and ELA, but the percentage of such students is below 66 for one or both subjects — two points; and
- (3) At least 40 percent of Grade 4 students are either Level 4 or Level 5 on the NJSLA in both Math and ELA, but the percentage of such students is below 50 for one or both subjects — one point.

iv. For projects located outside of a TUM, a project in a municipality that has a ranking of 283 or greater in the most recent Municipal Revitalization Index (MRI) published by DCA shall be eligible for three points. A project in a municipality with a ranking of 282 or below shall be eligible for two points and may receive one additional point if it satisfies a municipal affordable housing obligation and is part of a court-approved municipal fair share housing development plan. To receive the additional point, sponsors must submit the fair share housing development plan listing the project and evidence of court approval in the application. Senior projects are not eligible to earn this additional point; and

v. For projects located within a TUM, two points shall be awarded to projects located within a census tract that has been designated by the Secretary of the U.S. Department of the Treasury as a Qualified Opportunity Zone under Section 1400Z-2 of the Code and as further identified in Notice 2018-48.

15. Applications that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project with an uncorrected noncompliance shall have the following points deducted from the application's score: 15 points shall be deducted for violations of State and municipal maintenance ordinances or health ordinances or failure of one or more major systems (for example, roof, HVAC, elevators, plumbing, and electric); and 10 points

shall be deducted for a failure to fulfill any Qualified Allocation Plan provisions as represented by an owner in a project's New Jersey LIHTC application. For noncompliance that cannot be corrected, points under this category shall only be deducted for the first year each application is submitted. Failure to respond to this point category shall result in the deduction of points as provided pursuant to this paragraph. Applications that receive negative points in this category do not qualify for the set-asides described at N.J.A.C. 5:80-33.4, 33.5, and 33.6.

16. Applications that have a general partner, voting member, developer, or related party that was involved in a full return of tax credits to NJHMFA within the past two years with such return occurring after October 15 of the year in which the project would have been required to be placed in service shall have five points deducted from the application's score. Failure to respond to this point category shall result in the deduction of points as provided pursuant to this paragraph. This point category shall only apply to the first application from the involved general partner, voting member, developer, or related party following the full return of tax credits.

17. Applications that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project that has failed to pay NJHMFA monitoring fees (unless NJHMFA has formally issued a deferral) shall have 15 points deducted from the application's score. Failure to respond to this point category shall result in the deduction of points as provided pursuant to this paragraph. Applications that receive negative points in this category do not qualify for the set-asides described at N.J.A.C. 5:80-33.4, 33.5, and 33.6.

18. Applications that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project that has failed to submit its annual project certifications and/or annual tenant information shall have 15 points deducted from the application's score. Failure to respond to this point category shall result in the deduction of points as provided pursuant to this paragraph. Applications that receive negative points in this category do not qualify for the set-asides described at N.J.A.C. 5:80-33.4, 33.5, and 33.6.

19. Applications that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project that, within the last four years, has received a finding of discrimination pursuant to the Fair Housing Act, 42 U.S.C. §§ 3601 through 3619, a finding of discrimination pursuant to the New Jersey Law Against Discrimination, N.J.S.A. 10:5-1 et seq., failed to comply with New Jersey fair housing policies or tenant selection standards, or been issued a monetary penalty pursuant to the Fair Chance in Housing Act, N.J.S.A. 46:8-52 et seq., shall have 15 points deducted from the application's score. A finding of discrimination includes an adverse final decision by the Secretary of HUD, 24 CFR. § 180.680, an adverse final decision by a substantially equivalent State or local fair housing agency, 42 U.S.C. § 3616a(a)(1), or an adverse judgment from a Federal or State court. Failure to respond to this point category shall result in the deduction of points as provided pursuant to this paragraph. Applications that receive negative points in this category do not qualify for the set-asides at N.J.A.C. 5:80-33.4, 33.5, and 33.6.

20. Applicants may select one of the following:

- i. Applications with a general partner, voting member, developer, or related party (with at least a 50-percent interest in the general partner/managing member) that has successfully

developed and operated at least two other LIHTC projects with at least a 50-percent ownership stake in each project shall receive three points;

ii. Applications with a general partner, voting member, developer, or related party (with at least a 50-percent interest in the general partner/managing member) that has successfully developed and operated at least three other LIHTC projects with at least a 20-percent ownership stake in each project and has entered into a management agreement with a property management company that has at least five years of experience monitoring LIHTC projects and a tax credit portfolio of no less than 300 units shall receive three points; or

iii. Applications with a general partner, voting member, developer, or related party (with at least a 50-percent interest in the general partner/managing member) that has successfully developed and operated at least one other LIHTC project and has entered into a management agreement with a property management company that has at least five years of experience monitoring LIHTC projects and a tax credit portfolio of no less than 300 units shall receive two points.

21. Applicants may select one of the following:

i. Projects that set aside five units or five percent of the total project units, whichever is greater, for individuals or families who are homeless, and which projects meet the criteria at N.J.A.C. 5:80-33.12(c)14 shall receive three points. After the project is placed in service, the project shall register these units and collect tenant data in HMIS. In the Family Cycle, the mix of these units must be proportionate to one one-bedroom, two two-bedroom, and two three-bedroom units; or

ii. Projects that rent five units or five percent of the total project units, whichever is greater, to individuals with disabilities who are leaving institutions pursuant to the decision in *Olmstead v. L.C.*, 527 U.S. 581 (1999), or individuals with disabilities who are at risk of institutionalization, and which projects meet the criteria at N.J.A.C. 5:80-33.12(c)14 shall receive two points.

22. Projects that select the 20 percent at 50 percent Federal set aside as defined under Section 42(g)(1)(A) of the Code or elect to restrict 10 percent of the tax credit units to households earning 30 percent or less of area median income adjusted for family size shall receive eight points. If the 20 percent at 50 percent election is selected, all tax credit units shall be restricted to 50 percent of the area median income adjusted for family size. For example, if the project has an applicable fraction of 100 percent, 100 percent of the units shall be restricted to 50 percent of the area median income adjusted for family size. The election shall be reflected on each building's IRS Form 8609 and/or on the deed of easement and restrictive covenant. Projects that select the 10 percent at 30 percent option must still satisfy the Code minimum tenant income elections at Section 42(g)(1)(A) or (B) and demonstrate that best efforts will be made to distribute the 30 percent units proportionately across all unit sizes.

23. Applicants that utilize the cure period at N.J.A.C. 5:80-33.11(c)1 or 3 shall have one point per each defect cured deducted from the application's score.

24. Applications that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in an NJHMFA-financed property with three or more months of arrearages, with no workout plan (as approved by the Executive Director), shall have 15 points deducted from their scores.

25. Applicants may select one of the following options for one bonus point:

- i. At least 20 percent of the units are set aside for unrestricted, market-rate tenants. Applicants that select this option are not eligible for the 130-percent basis boost, which is authorized pursuant to the Housing and Economic Recovery Act of 2008 (HERA); or
- ii. At least 20 percent of the units are underwritten at or below 30 percent of area median income (AMI). Units with rental assistance do not qualify for this point; or
- iii. Traditional multifamily pooled permanent bond financing through NJHMFA.

5:80-33.16 Point system for the Age-Friendly Senior Cycle

(a) The point system for the Age-Friendly Senior Cycle includes all point categories of the Family Cycle except the point categories at N.J.A.C. 5:80-33.15(a)3 concerning large-family units, N.J.A.C. 5:80-33.15(a)5 concerning social services, and the point categories at N.J.A.C. 5:80-33.15(a)14ii and iii concerning public transportation and high-performing school districts, respectively.

(b) The Age-Friendly Senior Cycle also includes the following point categories:

1. A project that is fully located within a municipality wherein 25.00 percent or more of the residents in the municipality are 55 years of age or older shall receive one point. NJHMFA shall rely upon the American Community Survey 5-Year Estimates, Table DP05 (ACS Demographic and Housing Estimates), U.S. Census Bureau. NJHMFA shall rely upon the data effective in the calendar year of the application deadline as well as in the preceding year.

2. Applicants may select any of the following options for a maximum of nine points. Within six months of completion of rent-up for the project, the developer/owner shall notify the NJHMFA Division of Multifamily/Supportive Housing and Lending that the services indicated in the application are in place or are being put in place:

- i. Three points shall be awarded to projects that offer on-site transportation at least once per week. Evidence of existing service and/or an executed contract stipulating fees and frequency of service shall be submitted in the application.
- ii. Three points shall be awarded to projects that participate in the Services for Independent Living (SIL) program. Upon receiving a tax credit reservation, the developer/owner of the project shall sign an SIL participation agreement that outlines the responsibilities of the SIL program and of the developer/owner.
- iii. Two points shall be awarded to projects that regularly offer a licensed and insured on-site healthcare provider with a private room.

- iv. Two points shall be awarded to projects that offer an on-site pharmacy or wellness clinic, satellite hospital office, Program of All-Inclusive Care for the Elderly (PACE), medical day-care program, licensed assisted living facility, an Assisted Living Program (ALP), or similar partnership with a hospital or managed-care organization.
- v. One point shall be awarded to projects that offer accessible outdoor community spaces (for example, gardens with walkways and/or benches) set aside for use by all residents, comprising at least 25 percent of the project's permanent open space, of which at least 80 percent is unpaved. Rooftop gardens can be included in open space calculations if the roof area is accessible to and can be used by all residents.
- vi. One point shall be awarded to projects that offer an exercise room.

5:80-33.17 Point system for the Supportive Housing Cycle

(a) The point system for the Supportive Housing Cycle includes all point categories of the Family Cycle except for the point categories at N.J.A.C. 5:80-33.15(a)3, concerning large-family units, N.J.A.C. 5:80-33.15(a)5, concerning social services, and N.J.A.C. 5:80-33.15(a)21, concerning supportive housing units. Additionally, the point categories at N.J.A.C. 5:80-33.15(a)14ii and iii are replaced, respectively, with the following, for a maximum of seven points available pursuant to N.J.A.C. 5:80-33.15(a)14 for applications to the Supportive Housing Cycle.

1. Two points shall be awarded to projects that offer on-site transportation at least once per week. Evidence of existing service and/ or an executed contract stipulating fees and frequency of service shall be submitted in the application.
2. For non-age-restricted projects, a project that is fully located within a school district wherein 40 percent or more of the students are either meeting expectations (Level 4) or exceeding expectations (Level 5) on the Grade 4 New Jersey Student Learning Assessments (NJSLA) in both Math and English Language Arts (ELA) shall receive one point. NJHMFA shall rely on the most recent data available from the New Jersey Department of Education (DOE) as of the application deadline, as well as the data for the preceding calendar year. For example, the data released for 2021 and 2022 by the DOE will be accepted for applications submitted in 2023. If the NJSLA is no longer in use, NJHMFA will substitute whatever assessment is designated as a replacement by the DOE.
3. For age-restricted projects, a project that is fully located within a municipality wherein 25 percent or more of the residents in the municipality are 55 years of age or older shall receive one point. NJHMFA shall rely upon the American Community Survey 5-Year Estimates, Table DP05 (ACS Demographic and Housing Estimates), U.S. Census Bureau. NJHMFA shall rely upon the data effective in the calendar year of the application deadline, as well as in the preceding year. For example, the data released in calendar years 2021 and 2022 by the U.S. Census Bureau will be accepted for applications submitted in 2023.

(b) The Supportive Housing Cycle also includes the following point categories:

1. Applicants shall be awarded up to five points to the extent the social services plan required at N.J.A.C. 5:80-33.12(c)14iv incorporates a description of the supportive service needs of the target

population(s), which may include a range of services across a wide continuum of care and intensity appropriate to the target population(s). The description must acknowledge that each special needs tenant does not have to utilize the services appropriate to the target population(s). The social services plan must address the specific appropriate and needed services to assist tenants to maintain their housing and stable community living at no cost to the tenant. Appropriate and needed services must be supported by supportive service agreements and evidence-based practice, research, and/or direct practice experience. Supportive housing projects must have, at a minimum, a social service coordinator. The supportive services plan must address the following:

- i. The social service provider(s) must demonstrate three or more years of experience in providing social services to the target population(s) or to a related special needs population;
- ii. A description of the proposed services that will benefit the targeted population, including location of services (that is, on-site or in the community), documentation to support how these services will be funded, and how measures to evaluate service outcomes will be addressed (such as quality of life and consumer satisfaction);
- iii. A description of how the service provider will facilitate tenant/landlord relationships, including detailed eligibility and ineligibility criteria for tenant selection and screening (that is, what disqualifies a prospective tenant), as well as a plan for problem resolution to minimize evictions for supportive housing tenants; and
- iv. Provision of at least one of the following services:
 - (1) Twenty-four-hour, seven-day a week on-call crisis response capability;
 - (2) Financial management training from a qualified provider and ongoing budget support; and
 - (3) Linkage and ongoing follow-up services to health care, including dental care, and physical health care and primary health care prevention services; and
- v. Mandatory staff training, to be conducted at least annually, on matters specific to the special needs population(s) served for all on-site personnel, not just those employed by the social service provider(s). This training requirement includes staff such as property managers, maintenance workers, and custodians, and is independent of any training or certifications required for service-provider staff by their employers.

2. Up to two points will be awarded as follows: one point will be awarded to applicants that will provide on-site healthy lifestyles education and programming, consisting of educational workshops and health promotion programs to encourage better physical and emotional health for tenants of the supportive housing units; and one point will be awarded to applicants that will provide job training and job search assistance and support to tenants of the supportive housing units. Applicants shall provide evidence of funding commitments and signed agreements with qualified service providers specifically identifying a detailed scope of services to be provided and term for the provision of these services. The identified education and/or employment service provider must have experience providing services to the target population.

3. Applicants that plan to develop all of the units as lease-based permanent supportive housing (no time limit for tenancy and/or program participation) shall be awarded two points.

4. Applications that evidence rental assistance funding commitments from the HUD McKinney-Vento Programs or other government source(s) of project-based or sponsor-based rental assistance for all the special needs units shall be awarded two points.
5. Applications submitted by a qualified nonprofit organization with 100.00 percent of the general partner interest in the final ownership entity shall be awarded two points. Applications submitted by a qualified nonprofit organization with at least 50.00, but less than 100.00, percent of the general partner interest in the final ownership entity shall be awarded one point.
6. Projects that encourage integrated community living opportunities, including mixed-income projects, mixed-special needs projects, and scattered site projects, shall be awarded two points.
7. Five points shall be awarded to projects that meet all of the following minimum living standards:
 - i. Dwelling units in which each bedroom measures not less than 100 square feet;
 - ii. Unrelated residents have their own bedroom;
 - iii. No more than four unrelated adults share a bathroom; and
 - iv. Residents have access to a full kitchen for meal preparation.

5:80-33.18 (Reserved)

5:80-33.19 Tiebreaker system

- (a) The following tiebreaker system shall be used to break ties between projects with the same score:
 1. If competing projects have a tie score, a tax credit reservation shall be awarded based on the following:
 - i. For projects located outside of a TUM, a tax credit reservation shall be awarded to the project located in the municipality that has either never hosted a project that received a nine-percent LIHTC award or has gone the longest time since most recently hosting a project that received a nine-percent LIHTC award. NJHMFA shall publish annually a list of New Jersey municipalities with the years of their most recent nine-percent LIHTC awards. To facilitate planning, projects awarded nine-percent LIHTCs during the year prior to the application cycle deadline shall not be included for purposes of calculating the most recent year of award. If the project is part of a court-approved municipal fair share housing development plan, prior awarded projects that are part of the same fair share housing development plan shall not be included for purposes of calculating the most recent year of award, provided that the current project was identified in the fair share housing development plan submitted with the previously awarded application(s) and provided further that the fair share housing development plan listing the project and evidence of court approval are submitted in the current application; and
 - ii. For projects located within a TUM, a tax credit reservation shall be awarded to the project located in the municipality with the lowest MRI ranking (that is, with the greatest level of distress). For example, a municipality ranked number 4 would be awarded over a municipality ranked number 33.

2. If there is still a tie after the first tiebreaker set forth at (a)1 above, a tax credit reservation shall be awarded based on the following:
 - i. In the Age-Friendly Senior Cycle, a tax credit reservation shall be awarded to the project with the least amount of tax credits per tax-credit unit. Superintendent units shall not be included for purposes of calculating this tiebreaker.
 - ii. In all other cycles and the Mixed-Income Reserve, a tax credit reservation shall be awarded to the project with the least amount of tax credits per tax-credit bedroom. Superintendent units shall not be included for purposes of calculating this tiebreaker.
3. If there is still a tie after the second tiebreaker, the tax credit reservation shall be awarded to the project with a lower total development cost per bedroom. Superintendent unit(s) shall not be included for purposes of calculating this tiebreaker.

5:80-33.20 Municipal comment

The Code requires that the chief executive officer of the municipality in which the project is to be located be given the opportunity to comment on the project. The application may include a letter from the chief executive officer of the municipality or NJHMFA staff shall notify the chief executive officer of the municipality and allow them a reasonable opportunity to comment on the project.

5:80-33.21 Application needs analysis

(a) Section 42(m)(2)(a) of the Code provides: “The housing credit dollar amount allocated to a project shall not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period.” This determination, known as the “needs analysis,” shall be performed by NJHMFA with respect to those applications fulfilling the eligibility requirements at N.J.A.C. 5:80-33.12. In the needs analysis, NJHMFA shall compare the project’s total development costs to the funding sources the applicant has identified to meet those costs. As part of its obligation pursuant to Section 42(m)(2) of the Code, NJHMFA shall determine the reasonableness of the developmental and operational costs of the project and may make adjustments to costs as necessary to ensure the viability of the project throughout the credit period and compliance with the QAP. Such adjustments shall not trigger a point deduction pursuant to N.J.A.C. 5:80-33.15(a)24. If the total funding sources not including tax credit equity are less than the total development costs, then a funding gap exists and the applicant has demonstrated a need for credits, provided, however, that the following conditions are satisfied:

1. The project’s development and operational costs are reasonable as required under Section 42(m)(2)(B)(iv) of the Code;
2. Funding sources identified by the applicant meet the requirements at N.J.A.C. 5:80-33.12(c)6;
3. The project is financially feasible in terms of the existence of sufficient sources to pay for total development costs; and

4. The project shall remain viable throughout the credit period.

(b) Financing arrangements shall be evaluated to ensure that projects are not structured to artificially increase basis. Such arrangements include drawing down entire bridge or secondary loans at construction closing instead of using such financing on an as-needed basis. NJHMFA reserves the right to assume a mortgage higher than the mortgage commitment submitted by the applicant if it is determined that the mortgage amount stated in the commitment is underestimated. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. NJHMFA reserves the right to require an appraisal at the applicant's expense. If the applicant acquires the property for more than appraised value, the overage shall be added to the sources of funds so as not to create artificial need.

(c) NJHMFA shall perform needs analyses at three separate times: application, allocation, and at the time the project is placed in service. (See N.J.A.C. 5:80-33.23 and 33.27.) Pursuant to section 31 of the Protecting Americans from Tax Hikes Act of 2015, the applicable credit percentage shall be nine percent for the 70 percent present value credit. The credit amount reserved is limited to the lesser of:

1. The credit amount based on the needs analysis; or

2. The credit amount generated from the project's qualified basis, as (potentially) capped by the eligible basis limits. Unless a project has an alternate funding source such as a developer fee able to be deferred, a project whose eligible basis is reduced by the eligible basis limits (thereby reducing the credit amount) may be declared infeasible due to a funding gap caused by the resulting shortfall in syndication proceeds.

(d) Buildings placed in service after July 30, 2008 that receive the 70 percent value credit shall be eligible for up to a 30 percent boost in eligible basis to the extent that the developer can demonstrate that the boost is necessary to achieve financial feasibility.

5:80-33.22 Tax Credit Committee review and reconsideration process

(a) Based on the rankings, eligibility review, and needs analysis, NJHMFA shall make reservation award recommendations to a quorum of the Tax Credit Committee (Committee). The Committee shall consist of the Commissioner of DCA or designee, the Executive Director, and three members of the NJHMFA staff designated by the Executive Director.

(b) The Committee shall review the rankings, eligibility, and tiebreaker decisions as well as requests for reservations from the Reserve, and shall award tax credit reservations accordingly. All applicants shall be notified in writing whether their projects received a reservation and the basis for the decision. A reservation commitment letter shall be mailed to all reservation recipients.

(c) An applicant may appeal any decision of the Committee by submitting a written request for reconsideration to the Executive Director no later than 10 business days from the date of the Committee meeting at which awards/decisions are announced. The request shall include a comprehensive discussion

of the basis for reconsideration. Such requests will be considered promptly by the Committee and the Committee's disposition of the request shall constitute final agency action. In the absence of a request for reconsideration, the date of the Committee meeting at which awards/decisions are announced shall constitute the date of final agency action.

5:80-33.23 Allocation needs analysis

In accordance with Section 42(m)(2) of the Code, NJHMFA evaluates the need for the tax credit at the time of application, the time of allocation, and after the building is placed in service. The credit amount allocated is limited to the lesser of the credit amount based on the needs analysis or the credit amount generated from the project's qualified basis (as potentially capped by the eligible basis limits). The determination of whether the credit amount reserved is needed for the financial feasibility and continued viability of the project shall include an examination as to whether there have been increases or decreases in project costs, other funding sources, or rental subsidies that would result in a higher allocation than needed. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. Any substantive changes to the project's financing plan or costs shall be explained in detail and may cause the project to be reconsidered by NJHMFA.

5:80-33.24 Reservations, allocations and binding commitments

(a) Once the reservation is final as described at N.J.A.C. 5:80-33.22(b), projects must meet allocation criteria established by the Code and these rules in order to qualify for an allocation of tax credits. (The IRS does not recognize the reservation processes of housing credit agencies.) The deadline for meeting the allocation criteria described at (a)1 and 2 below is November 30 or the next business day if the 30th is a weekend or holiday. The deadline for meeting the 10-percent test required pursuant to 26 U.S.C. § 42(h)(1)(E)(ii) is six months from the date the carryover allocation agreement is executed by NJHMFA. The NJHMFA form evidencing satisfaction of this test must be completed and certified by an independent certified public accountant. Accrued developer fees in carryover basis shall not exceed the lesser of the fee earned to date or 20 percent of the total developer fee. On a case-by-case basis, NJHMFA may extend its filing deadline if the owner can show good cause; however, in order to defray the added expense and regulatory burden of processing allocation requests that arrive after the deadline, an extension fee of \$1,000 shall be payable to NJHMFA for each week or part thereof that the owner is late in submitting a complete package. NJHMFA reserves the right to rescind a reservation if a deadline is not met.

1. Owners requesting a carryover allocation shall submit their certification for carryover, which must demonstrate that all sources shown on the owner's carryover schedule are accurate and that the costs shown in eligible basis are allowable under the Code. Title ownership is not required for carryover allocations, but site control must be maintained. Projects receiving carryover allocations have until the end of the second year after the execution of the carryover allocation agreement to place the project in service.

2. Owners requesting an allocation for a building in the same year the building is placed in service may receive a carryover allocation or a placed-in-service allocation depending upon the building's placed-in-service date. A building must be issued an allocation no later than December 31 of the year it is placed in service.

i. If the building is placed in service on or prior to August 1, the allocating document shall be the IRS Form 8609 and the owner shall submit all requirements listed at N.J.A.C. 5:80-33.26 by the filing deadline established at (a) above.

ii. If the building is placed in service after August 1, and if the timing of the final project cost certification, permanent closing and the like do not allow for the timely issuance of an IRS Form 8609 by December 31, a carryover allocation shall be issued to the project provided that the owner submits to NJHMFA an updated 10-percent letter from the partnership's accountant reflecting the new reasonably expected basis in the building.

(b) NJHMFA may, in its discretion, enter into a binding commitment to allocate credits from future years' tax credit authority to fund projects that successfully compete in additional tranches of the Cycles at N.J.A.C. 5:80-33.4, 33.5, and 33.6, subject to any set-asides thereunder, as the Tax Credit Committee may decide to conduct in its discretion, or projects in a competitive cycle affected by an error as determined by the Tax Credit Committee. In no event shall the project receive credits and/or a binding commitment exceeding the maximum eligible tax credit amount.

5:80-33.25 Allocation/issuance fee schedule

Projects requesting an allocation of tax credits shall pay a fee equaling two percent of the allocation amount over the 10-year credit period for NJHMFA-financed projects and three percent of the issuance amount over the 10-year credit period for non-NJHMFA-financed projects. One-half of the fee shall be paid at the time the allocation criteria described at N.J.A.C. 5:80-33.24(a) is submitted to NJHMFA. For projects requesting an issuance of tax credits from volume cap, the issuance fee shall equal two percent of the issuance amount over the 10-year credit period for NJHMFA-financed projects and three percent of the issuance amount over the 10-year credit period for non-NJHMFA-financed projects. One-half of the fee shall be paid at the time the credit determination described at N.J.A.C. 5:80-33.9(a)1 is made. For both types of projects, the balance (adjusted higher if volume cap tax credit issuance increases) shall be paid prior to issuance of the IRS Form 8609. Allocation/issuance fees are non-refundable.

5:80-33.26 Obtaining IRS Form 8609: deadlines and extension fees

(a) The IRS Form 8609 is the form used by owners to claim the low-income housing tax credit. A form is issued for each building in the project that contains tax credit units. Prior to issuance of the IRS Form 8609, NJHMFA must receive all required information from the owner, including the allocation/issuance fee described at N.J.A.C. 5:80-33.25. For projects receiving credits from the nonprofit set-aside, this shall include an attorney's opinion letter stating that no for-profit developer or member of the investor limited partner held a seat on the nonprofit's board of directors. NJHMFA (or its authorized designee) may also conduct an on-site inspection of the project to confirm that all

representations made in the project's tax credit application have been met. Upon completion of the NJHMFA evaluation (which includes the placed in service needs analysis) and attendance by the project owner or representative at an NJHMFA-sponsored compliance monitoring seminar, NJHMFA shall complete Part I of the IRS Form 8609 and forward a copy, as filed with the IRS, to the project owner. Owners should be sure to make copies of the signed IRS Form 8609, as a copy must be filed each year with Federal tax returns.

(b) The entire IRS Form 8609 request package, including the allocation/issuance fee described at N.J.A.C. 5:80-33.25 and the audit report, in a form acceptable to NJHMFA, must be submitted to NJHMFA within 90 days after permanent loan closing. On a case-by-case basis, NJHMFA may extend its filing deadline if the owner can show good cause; however, in order to defray the added expense and regulatory burden of processing IRS Form 8609 requests that arrive after the deadline, an extension fee of \$1,000 shall be payable to NJHMFA for each week or part thereof that the owner is late in submitting a complete package. NJHMFA reserves the right to recapture an allocation if a deadline is unmet.

(c) Failure of a project to fulfill all representations made in its application may result in a delay and/or non-issuance of the IRS Form 8609. At its sole discretion, NJHMFA may impose penalties for failure to comply with eligibility or point requirements, such penalties to include, but not be limited to, the imposition of financial penalties, a reduction in the allocated credit amount, or the unilateral cancellation of an allocation. Generally, a financial penalty or reduction in the amount of credits will be imposed in an amount commensurate with the violation. For example, if a project fails to meet the minimum expenditures pursuant to N.J.A.C. 5:80-33.15(a)6, credits may be reduced by or a financial penalty imposed in the delinquent amount, which amount may be affected by remedial measures, if any, taken in order to comply with the representation(s). However, NJHMFA reserves the right to unilaterally cancel an allocation for severe and/or persistent violations.

(d) IRS Form 8609 shall not be issued to projects that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project with an uncorrected noncompliance until such noncompliance is corrected.

5:80-33.27 Placed in service needs analysis

(a) Pursuant to Section 42(m)(2) of the Code, NJHMFA shall conduct the last of its required needs analysis evaluations at the time the project is placed in service. The analysis shall be based on the project cost certification of an independent C.P.A. and the permanent financing sources (see N.J.A.C. 5:80-33.28). If the amount of the tax credit request is not needed for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period, the amount of the tax credit shall be reduced to the needed amount.

(b) The determination of whether the amount requested is needed for financial feasibility and continued viability of the project shall include an examination as to whether there have been increases or decreases in project costs, other funding sources, or rental subsidies that would result in a higher allocation than needed. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. The Code requires that NJHMFA reduce the credit amount based upon need;

however, this does not mean that NJHMFA will jeopardize the long-term financial feasibility and viability of the project by arbitrarily taking back credits. For example, if the equity market improved so that projects were able to get better pricing from investors, NJHMFA would not necessarily reduce the credit on those projects that use the “excess” credits to cover cost overruns or provide betterments in the projects such as upgrading the security system, landscaping, provision of appliances such as washers, and the like. NJHMFA shall not allow these additional funds to be used to increase the developer fee over that shown on the application.

(c) For each needs analysis, a Sponsor Certification shall be submitted. Any substantive changes to the project’s financing plan or costs shall be explained in detail and may cause the project to be reconsidered by NJHMFA.

5:80-33.28 Project cost certification and contractor fee limits

(a) An independent C.P.A. shall audit the development costs of the project in accordance with generally accepted auditing standards. A separate audit of the general contractor’s costs, which includes a sampling of subcontractor invoices, shall also be submitted in order to verify consistency with the developer’s cost certification. To make sure that the necessary paperwork is submitted to NJHMFA in a timely manner, owners shall ensure that the cost certification process begins immediately upon construction completion. NJHMFA reserves the right to require a compilation of the construction costs of the project as approved by an independent C.P.A.

(b) Contractor fee limits are set forth at (b)1, 2, and 3 below.

1. NJHMFA shall approve only up to a maximum of two percent of the total hard costs for general contractor overhead expenses and up to a maximum of six percent of the total hard costs for general contractor profit fees. Bonding and permitting fees are not permitted in calculations of overhead and profit.

2. Costs for general requirements and/or general conditions are indirect costs incurred during the construction of a project, exclusive of material and labor costs. These costs are administrative and facilitatory project costs, generally spread out over the course of construction. NJHMFA shall approve only up to a maximum of six percent of the total hard costs for general requirements and/or general conditions.

3. Limitations for general contractor overhead expenses, general contractor profit fees, and general requirements/general conditions costs are set forth in the Technical Services Design and Document Guidance Standards, available at <https://nj.gov/dca/hmfa/developers/techservices>. These limitations apply to applications submitted for both NJHMFA and LIHTC funding.

(c) For projects seeking IRS Form 8609 allocations and for projects with carryover allocations, where completion is scheduled to occur close to the end of the year, interim audits should be taking place throughout construction so that when the certificate of occupancy is issued, the final cost certification is virtually complete. For projects still incurring eligible costs, NJHMFA may consider the owner’s projection of costs and basis incurred through the end of the first year of the credit period. The projection

shall be based on executed contracts with contractors/vendors for amenities such as security system, playground, and landscaping.

(d) In addition to the audit report, the owner shall submit a Sponsor Certification for Placed in Service showing all sources, uses, and eligible basis items, as well as the pricing from the limited partner investor.

5:80-33.29 Extended use agreement

Section 42(h)(6) of the Code requires the project owner to enter into an “extended low-income housing commitment agreement” that adds an additional 15-year low-income occupancy requirement to the initial 15-year compliance period. The agreement shall be recorded in order to claim the tax credits when filing Federal tax returns. Owners must complete NJHMFA’s deed of easement and restrictive covenant at the latter of the carryover allocation described at N.J.A.C. 5:80-33.24(a)1 or acquisition of the property. Upon receipt and review of a complete and fully executed agreement, NJHMFA shall file the restrictive covenant pursuant to State law. For projects that received points for agreeing to extend the project compliance period beyond the minimum 15-year period, the deed of easement and restrictive covenant shall reflect the increased compliance term stated in the application.

5:80-33.30 Returning credits

Applicants unable to utilize their allocation should return the allocation to NJHMFA as soon as possible. NJHMFA shall deposit returned or recaptured credits into the Reserve. In addition, for credits returned within the same calendar year of award, NJHMFA reserves the right to fund the next highest-ranking eligible project from the cycle in which the initial award was made.

5:80-33.31 Applicant’s affirmative obligation to disclose changes

(a) Applicants are under a continuing affirmative obligation to advise NJHMFA no less frequently than annually if any changes to any aspect of the proposed development occur and provide relevant information as it becomes available, including pending/anticipated litigation which may affect the proposed development. NJHMFA shall require the owner to certify and may require further documentation to verify that all representations made in the application concerning the proposed development, including representations relied upon to determine the applicant’s eligibility, scoring and ranking, are, and continue to be, true at the time of carryover allocation and issuance of the IRS Form 8609. Substantive changes may cause the project’s allocation to be reconsidered by NJHMFA. NJHMFA reserves the right to ask for any documentation necessary throughout the application, reservation, carryover and placed in service processes.

(b) NJHMFA shall have the authority to rescind a reservation or an allocation if any representations made in the application are mistakenly or intentionally misrepresented or not fulfilled.

(c) Any transfer of a general partner/managing member interest shall require pre-approval by the NJHMFA Division of Multifamily/Supportive Housing and Lending.

(d) Failure to disclose all relevant information is grounds for disqualification of the application or recapture of the allocation.

5:80-33.32 Compliance monitoring

(a) The owners of all projects with an allocation of low-income housing tax credits must contact NJHMFA's compliance monitoring section before the project is placed in service and prior to rent up. In addition, the owner must submit to NJHMFA a copy of the completed IRS Form 8609 (Part I completed by NJHMFA and Part II completed by the owner) within 30 days of completion of Part II of the IRS Form 8609 and the filing thereof with the Internal Revenue Service. This form contains information necessary for NJHMFA to monitor the project for compliance. Failure to submit a copy of the completed IRS Form 8609 within the specified time frame may constitute noncompliance and may be reported by NJHMFA to the IRS.

(b) The owner of a tax credit project shall agree to submit to NJHMFA copies of any correspondence, notice, or other document the owner receives from the Internal Revenue Service regarding compliance or noncompliance issues, audits, or other forms of communication regarding their low-income tax credit project(s).

(c) Owners shall submit to NJHMFA on an annual basis a copy of the project's most recent audited financial statements, including a detailed income and expense schedule and vacancy rate calculation by January 31.

(d) Owners/agents are required to keep records for each qualified low-income building in the project that show for each year of the compliance period the following information:

1. The total number of residential rental units in the building, including the number of bedrooms and the size in square feet of each residential rental unit;
2. The percentage of residential rental units in the building that are low-income units;
3. The rent charged on each residential rental unit in the building, including any utility allowances;
4. The number of occupants and the number of full-time students in each low-income household;
5. The low-income unit vacancies in the building and information that shows when and to whom the next available units (whether market rate or low-income) were rented;
6. The annual income certification of each low-income household;
7. Documentation to support each low-income tenant's income (that is, income verification from third parties such as employers or agencies paying unemployment compensation). Tenant income is

calculated in a manner consistent with the determination of annual income pursuant to Section 8 of the United States Housing Act of 1937, not in accordance with the determination of gross income for Federal income tax liability. In the case of a tenant receiving housing assistance payments pursuant to Section 8, the documentation requirement is satisfied if the public housing authority provides a statement to the building owner declaring that the tenant's income does not exceed the applicable income limit pursuant to Section 42(g) of the Code. For 100-percent tax-credit properties, an initial certification shall be required at move-in, followed by a re-certification on the one-year anniversary of move-in. Re-certification shall no longer be required in subsequent years, provided the property continues to operate as 100-percent affordable. While a resident shall still be required to complete the Tenant Income Certification and other forms on an annual basis, third-party verification of income shall no longer be required;

8. The eligible basis and qualified basis of the building at the end of the first year of the credit period; and

9. The character and use of the non-residential portion of the building included in the building's eligible basis under Section 42(d) of the Code (that is, tenant facilities that are available on a comparable basis to all tenants and for which no separate fee is charged for use of the facilities, or facilities reasonably required by the project).

(e) Owners/agents are required to retain records for each qualified low-income housing project as follows:

1. Owners/agents are required to retain the records described above for at least six years after the due date (with extensions) for filing the Federal income tax return for that year.

2. The records for the first year of the credit period, however, shall be retained for the entire compliance period plus six years beyond the due date (with extensions) for filing the Federal income tax return for the last year of the compliance period of the building. Therefore, records for the first year of the compliance period shall be retained for a minimum of 21 years. If credits were allocated based on a compliance period that was greater than 15 years, all first-year records shall be retained for six years beyond the compliance period. (For example: If credits were allocated in 1996 based on a compliance period of 25 years, all first-year records must be retained for 31 years or 25 years plus six years.) Records for each year thereafter shall be retained for six years after filing the Federal income tax return for that particular year.

(f) The owner/agent of a low-income housing project shall certify, under penalty of perjury, that it has complied with the low-income housing tax credit restrictions of the Code, the Qualified Allocation Plan, and the project's tax credit application by providing an Owner's Certificate of Continuing Program Compliance to NJHMFA. The Owner's Certificate of Continuing Program Compliance shall be sent annually to NJHMFA for each year of the compliance period for the preceding 12-month period and contain the following:

1. That the project met the requirements of the 20-50 test under Code Section 42(g)(1)(A), the 40-60 test under Section 42(g)(1)(B), or the Average Income test established under the Consolidated Appropriations Act of 2018, whichever Federal minimum set-aside test was applicable to the project,

and, if applicable to the project, the 40-50 HOME test under Section 42(i)(2)(E)(i) and the 15-40 test under Sections 42(g)(4) and 142(d)(4)(B) for “deep rent skewed” projects;

2. That there was no change in the applicable fraction of any building in the project (as defined by Section 42(c)(1)(B) of the Code) or that there was a change and a description of the change;

3. That the owner received an annual income certification from each low-income tenant and documentation to support that certification, or, in the case of a tenant receiving Section 8 Housing Assistance Payments, the statement from a public housing authority declaring that the tenant’s income does not exceed the applicable limit under Section 42(g) of the Code;

4. That each low-income unit in the project was rent-restricted pursuant to Section 42(g)(2) of the Code;

5. That all units in the project were for use by the general public and used on a non-transient basis (except for transitional housing for the homeless provided under Section 42(i)(3)(B)(iii) of the Code);

6. That each building in the project was suitable for occupancy, taking into account local health, safety, and building codes (or other habitability standards), and the State and local government unit responsible for making building code inspections did not issue a report of a violation for any building or low-income unit in the project;

7. That there was no change in the eligible basis (as defined in Section 42(d) of the Code) of any building in the project or, if there was a change, the nature of the change (that is, a common area has become commercial space, or a fee is now charged for a tenant facility formerly provided without charge);

8. That all tenant facilities included in the eligible basis under Section 42(d) of the Code of any building in the project, such as swimming pools, other recreational facilities, and parking areas, were provided on a comparable basis without charge to all tenants in the building;

9. That if a low-income unit in the project became vacant during the year, reasonable attempts were or are being made to rent that unit or the next available unit of comparable or smaller size to tenants having a qualifying income before any units in the project were or will be rented to tenants not having a qualifying income;

10. That if the income of tenants of a low-income unit, which was previously verified, increased above 140 percent of the applicable limit allowed at Section 42(g)(2)(D)(ii) of the Code, the next available unit of comparable or smaller size in the project was or will be rented to tenants having a qualifying income;

11. That an extended low-income housing commitment as described at Section 42(h)(6) of the Code was in effect for buildings subject to Section 7108-(c)(1) of the Revenue Reconciliation Act of 1989, including the requirement pursuant to Section 42(h)(6)(B)(iv) that the owner cannot refuse to lease a unit in the project to an applicant because the applicant holds a voucher or certificate of eligibility pursuant to Section 8 of the United States Housing Act of 1937, 42 U.S.C. §1437f. In addition, that

the owner did not refuse to lease a unit to an applicant based solely on their status as a holder of a Section 8 voucher and the project otherwise meets the provisions, including any special provisions, as outlined in the extended low-income housing commitment;

12. That no finding of discrimination pursuant to the Fair Housing Act, 42 U.S.C. §§ 3601 through 3619, occurred for the project. A finding of discrimination includes an adverse final decision by the Secretary of Housing and Urban Development, 24 CFR 180.680, an adverse final decision by a substantially equivalent State or local fair housing agency, 42 U.S.C. § 3616a(a)(1), or an adverse judgment from a Federal court;

13. That if the owner received its credit allocation from the Nonprofit Set Aside (Section 42(h)(5) of the Code), the nonprofit entity materially participated in the operation of the development within the meaning of Section 469(h) of the Code;

14. That there was no change in the ownership or management of the project or, if there was a change, a description of the change;

15. That the rent charged to each existing tenant (excluding any rental assistance) did not increase by more than 5.00 percent annually, including any increase due to changes in utility allowance calculations;

16. That the property management office had office hours of at least 20 hours a week;

17. That the owner notified each applicant and tenant via Form HUD-5380 (Notice of Occupancy Rights under the Violence Against Women Act) and Form HUD-5382 attached thereto of their rights and protections under the Violence Against Women Act of 1994, 34 U.S.C. § 12291, as amended by, among other acts, the Violence Against Women Act Reauthorization Act of 2022, Pub. L. No. 117-103, 136 Stat. 840, and pursuant to HUD Final Rule Violence Against Women Reauthorization Act of 2013: Implementation in HUD Housing Programs, 81 Fed. Reg. 80724 (Nov. 16, 2016);

18. That the owner registered and posted the property on the New Jersey Housing Resource Center (HRC) and has actively updated property information pursuant to N.J.S.A. 52:27D-321.3. The HRC is located at <https://nj.gov/njhrc>; and

19. That the owner registered in HMIS and submitted data for all units reserved pursuant to N.J.A.C. 5:80-33.15(a)22 for individuals and families that are experiencing homelessness. For training in HMIS data entry or to learn more about HMIS, visit the Division of HMIS website at <https://nj.gov/dca/hmfa/about/hmis/index.shtml>.

(g) As required by the Housing and Economic Recovery Act of 2008, P.L. No. 110-289, owners are required to submit, on an annual basis, data pertaining to the residents of LIHTC-funded units. Such data must contain, but is not limited to, income, rental assistance, disability status, monthly rental payment, race, ethnicity, family composition, and age.

5:80-33.33 Owner's annual reports; deadlines

Pursuant to Section 1.42-5 of the IRS Regulations, NJHMFA requires the owners of all low-income housing projects to submit annually to NJHMFA for review the Owner's Certificate of Continuing Program Compliance through electronic copy and the annual tenant information. The annual tenant information must indicate the income of, and rent charged to, tenants for each unit. This package shall be submitted on an annual basis through the MITAS/NJHMFA Low-Income Housing Tax Credit Internet System and is due on January 31. Requests for extensions beyond the January 31 deadline must be submitted by December 31 of the prior year.

5:80-33.34 NJHMFA review and inspection

(a) Prior to the issuance of the IRS Form 8609, NJHMFA (or its authorized designee) may conduct an on-site inspection of the project to confirm that all representations made in the project's tax credit application have been met. (See N.J.A.C. 5:80-33.26.) NJHMFA (or its authorized designee) shall perform its first inspection of the project no later than the end of the second calendar year following the year the last building in the project is placed in service. NJHMFA also reserves the right to perform an on-site inspection of any low-income housing project through the end of the extended use period and to have access to all books and records that would document compliance.

(b) On an annual basis, owners of at least 33.33 percent of all tax credit projects shall submit to NJHMFA for compliance review the following information for a minimum of 20 percent of all low-income units (units shall be identified by NJHMFA):

1. A copy of the annual income certification for the household;
2. The documentation the owner has received to support the certification; and
3. The rent record.

(c) NJHMFA (or its authorized designee) shall also, on an annual basis, select 33.33 percent of all tax credit developments and perform physical inspections of the low-income units corresponding to (b) above to determine suitability for occupancy, taking into account State and local health, safety, and building codes. NJHMFA (or its authorized designee) shall also perform physical inspections of every building and every vacant unit in the development. If NJHMFA (or its authorized designee) determines a violation(s) exist(s) that could render a building unsuitable for occupancy, such violation may be considered an issue of non-compliance, which must be reported to the Internal Revenue Service. The owner shall be given a reasonable period of time within which to correct the violation(s). At the end of the correction period, NJHMFA shall notify the IRS whether the owner has or has not corrected the violation(s). Such violation(s) may also be reported for appropriate action to the Division of Codes and Standards, Bureau of Housing Inspection in DCA.

(d) NJHMFA shall select projects that will undergo NJHMFA review and give owners reasonable notice that their project has been chosen, as well as identify documents that will need to be made

available. Reviews may occur more frequently than on a 12-month basis, provided that all months within each 12-month period are subject to certification. The method of choosing the sample files or units to be inspected will not give the owner advance notice of which units and tenant records are to be inspected and reviewed.

5:80-33.35 Notification of noncompliance

(a) Upon determination by NJHMFA of noncompliance with Section 42 of the Code, this subchapter, or any other relevant rules, regulations, or procedures, NJHMFA shall give notice to the owner of the noncompliance. The owner shall then be given sufficient notice to correct the noncompliance.

(b) NJHMFA is required to notify the IRS, via IRS Form 8823, within 45 days after the end of the correction period, of all noncompliance and whether the owner has or has not corrected such noncompliance.

5:80-33.36 Confidentiality of tax credit applications and information

(a) Applications and all supporting documents submitted to NJHMFA for tax credit reservations shall be confidential, non-public records until awards are announced by NJHMFA. Thereafter, applications and all supporting documents submitted to NJHMFA for tax credit reservations shall be deemed to be public records, except the documents set forth at (c) below shall remain confidential, non-public records.

(b) Applications and all supporting documents submitted to NJHMFA for volume cap tax credits shall be confidential, non-public records until NJHMFA has issued a determination letter. Thereafter, applications and all supporting documents submitted to NJHMFA for volume cap tax credits shall be deemed to be public records, except the documents set forth in item (c) below shall remain confidential, non-public records.

(c) To the extent they constitute “trade secrets” or “proprietary commercial or financial information” within the meaning of the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., the following documents are confidential, non-public records:

1. Financing information and syndication documents submitted in compliance with N.J.A.C. 5:80-33.12(c)5. However, an applicant’s certification of the extent of Federal, State and local subsidies shall be a public record;
2. Funding commitments and other documents submitted in compliance with N.J.A.C. 5:80-33.12(c)6;
3. Documents and other information, including 15-year cash flow pro forma, submitted in compliance with N.J.A.C. 5:80-33.12(c)7;

4. Financing information and Breakdown of Costs and Basis submitted in support of the application needs analysis described at N.J.A.C. 5:80-33.21;

5. Data submitted for comparable projects pursuant to N.J.A.C. 5:80-33.12(c)7iii; and

6. Third-party reports, including, but not limited to, market studies, appraisals, cost certifications, and economic feasibility analyses.

(d) Information or documents submitted or prepared with respect to binding commitments, carryover applications, placed in service allocations, and IRS Form 8609 shall be confidential and shall be disclosed only as authorized by Section 6103 of the Code.

(e) Information submitted to NJHMFA by or on behalf of a project owner with respect to compliance monitoring and reports, compliance notices, and IRS Forms 8823 prepared by NJHMFA with respect to monitoring the compliance of any project shall be confidential and shall be disclosed only as authorized by Section 6103 of the Code.

5:80-33.37 Exchange of credits

(a) A sponsor may return previously allocated credits to the Reserve in exchange for an allocation of current year credits or, at the discretion of NJHMFA, a binding commitment to allocate credits from future years' tax credit authority if the exchange is made after September 30, in an amount not to exceed the amount of the returned credits, if the sponsor establishes to the satisfaction of the Tax Credit Committee that the sponsor, despite its timely and diligent efforts, is in jeopardy of failing to meet the placed-in-service deadline for the building with respect to which the prior credits were allocated as a result of either:

1. Litigation that the sponsor could not reasonably have anticipated at the time of application submission; provided, however, that the sponsor has used its best efforts to obtain expeditious review; or
2. Catastrophic events that the sponsor could not reasonably have anticipated or controlled.

(b) To qualify for the exchange permitted in this section, the sponsor must provide the Tax Credit Committee with evidence of:

1. The due diligence performed by the sponsor in attempting to meet the placed-in-service deadline;
2. The specific circumstances causing the delay that jeopardizes the sponsor's compliance with the placed-in-service deadline;
3. The attempted remedial measures taken by the sponsor in order to mitigate the delay; and
4. Any other information that may be requested by NJHMFA staff on behalf of the Tax Credit Committee.

(c) To be eligible for the exchange permitted under this section, the sponsor must establish to the satisfaction of the Tax Credit Committee that:

1. The project with respect to which the prior credits were allocated will meet the Energy Star requirements set forth in the QAP in effect at the time the exchange is requested, if applicable to the type of building; and
2. The project would receive at least 65 percent of the maximum score under the QAP in effect at the time the exchange is requested, based on the point system applicable to the type of project for which the exchange of credits is sought. Negative points related to the full return of tax credits to NJHMFA under the QAP in effect at the time the exchange is requested shall not be imposed based upon an exchange pursuant to this section.

(d) A sponsor who receives an exchange of credits as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, shall be precluded from applying for tax credits for a new project for all tax credit cycles in the round following the day on which the Tax Credit Committee approves the exchange. When the sponsor, affiliate entity, and any related party may again apply for tax credits for a new project, negative points related to the full return of tax credits to NJHMFA under the QAP in effect at the time the exchange is requested shall not be imposed based on an exchange pursuant to this section.

(e) No more than one exchange of credits may be approved with respect to a given project, but a sponsor may, in a single application, ask to exchange more than one year's allocation of credits.

(f) To request an exchange of credits, a sponsor must submit to the Tax Credit Committee, by no later than November 1 of the year in which the project is required to place in service based on the original allocation, a letter setting forth the reasons justifying the exchange and including the following:

1. A Sponsor Certification for Reapplication;
2. The reapplication fee set forth at the QAP's fee provision in effect at the time the exchange is requested;
3. Evidence of the project's continued eligibility under the requirements of the QAP as in effect at the time of the original allocation; and
4. Evidence of the project's continued financial feasibility as required at 26 U.S.C. § 42.

(g) Projects that request an exchange of a binding commitment of credits shall be subject to the timing, application, and eligibility/justification limitations and requirements of this section.

5:80-33.38 Disclaimer and limitation of liability

(a) NJHMFA makes no representations to the applicant, developer, owner, syndicator, or to any other person as to project eligibility or compliance with the Code, IRS treasury regulations, or any other laws or regulations governing the LIHTC program.

(b) Applicants, development team members, lenders, equity investors, and syndicators participate in the tax credit program at their own risk and expense. No member, officer, agent, or employee of NJHMFA or the State will be liable for any claim, consequential damage, or loss of any kind incurred by an applicant, development team member, lender, equity investor, syndicator, or any other person arising out of, or in relation to, any project or the tax credit program resulting from a decision of the IRS or an action of the United States Congress that negatively impacts the continuation of this program or valuation of the tax credits.
