PUBLIC QUESTION NO. 1

BEACHES AND HARBORS BOND ISSUE

Should the "Beaches and Harbors Bond Act of 1977" which authorizes the State to issue bonds in the amount of \$30,000,000.00 for the purposes of researching, planning, acquiring, developing, constructing and maintaining beach and harbor restoration, maintenance and protection facilities, projects and programs, providing the ways and means to pay the interest of such debt and also to pay and discharge the principal thereof, be approved?

Interpretive Statement

Approval of this act would authorize the sale of \$30,000,000.00 in bonds to be used for the development, construction, and maintenance of beach and harbor restoration, maintenance and protection facilities.

PUBLIC QUESTION NO. 2

**MEDICAL EDUCATION FACILITIES BOND
ISSUE**

Should the "New Jersey Medical Education Facilities Bond Act of 1977" which authorizes the State to issue bonds in the amount of \$120,000,000.00 for the refinancing of the Teaching Hospital project of the College of Medicine and Dentistry of New Jersey and for the construction and renovation of Medical education facilities to provide improved hospital service and professional care for the people of New Jersey; and to provide the means to pay the principal and interest on these bonds, be approved?

Interpretive Statement

Approval of this act would authorize the sale of \$120,000,000.00 in bonds to be used for refinancing the Teaching Hospital project of the College of Medicine and Dentistry of New Jersey at a substantial interest cost savings to the State; and for the construction of additional hospital and medical education facilities, the costs to be offset in whole or in part by these savings. It is expected that \$25,000,000.00 will be available for the construction of new medical education facilities and \$95,000,000.00 will be used for the refinancing.
