One, Union Beach's certification of the fire alarm system and two, final certification of the stack tests by the NJ Department of Environmental Protection Agency, Emission Measurement Section (NJDEP-EMS). 1. Union Beach has certified the fire alarm / fire suppression system for contract 74-S. 2. In BRSA's contract with SHC, the facility wrote language into the contract that the NJ DEP-EMS had to issue a certificate of compliance when BRSA passed the stringent new federal stack test emissions standards in March 2017. Since NJ DEP-EMS doesn't issue such certificates, BRSA has requested an expedited review and issuance of a compliance certificate. NJ DEP-EMS has acknowledged BRSA's request and has agreed to expedite review and issuance of a certificate by year's end.
