B. Monitoring Activities			
13.	If FEMA funded, brief description of the status of the project worksheet and its support.	As this project has not been awarded or solicited yet, the NJEIT was in the process of conducting a Project Worksheet comparison review to the Plans & Specifications (P&S), and due to the complexity of the projects/correlating worksheets, it has taken longer than expected. As such, there was a delay in the project for approximately three (3) months.

14. Quarterly Activities/Project Description (include number of visits to meet with recipient and sub recipient, including who you met with, and any site visits warranted to where work was completed)	Addx Corporation was brought into this engagement on May 2, 2014 and had an initial kickoff meeting on May 19, 2014. In addition, Addx Corporation has thoroughly reviewed the policies and procedures in place for BRSA. However, solicitation of the construction contract has been delayed since 06/2014. It is anticipated that solicitation of the contract will occur in 10/2014 and award and work will commence at the end of 10/2014.	
15. Brief Description to confirm appropriate data/information has been provided by recipient and what activities have been taken to review in relation to the project/contract/program.	Obtained electronic copy of the BRSA "Purchasing and Payment of Invoice Policy, Readopted February 2014"; and review conducted.	
16. Description of quarterly auditing activities that have been conducted to ensure procurement compliance with terms and conditions of the contracts and agreements.	Obtained electronic copy of the BRSA "Purchasing and Payment of Invoice Policy, Readopted February 2014"; and started review. As such, interviews of procurement personnel were conducted. Further, completed review of "Purchasing and Payment of Invoice Policy, there appears to be internal control system processes that could lead to deficiencies in the process. As such, interviews of procurement personnel are being arranged to fully comprehend BRSA's current procurement process and its processes.	Although, BRSA has previously received Federal funds and has an established purchasing and invoice payment process, the anticipated construction contracts are going to be large and multifaceted. They will therefore require BRSA to exercise vigilance in accepting deliverables, paying invoices, and authorizing progress payments. Additionally, because both FEMA and Trust funds will be used, BRSA will have to be hypersensitive to the criticality of segregating funds and documentation.
17. Have payment requisitions in connection with the contract/program been reviewed? Please describe	N/A	Solicitation for construction contracts expected to be released on October 1, 2014 or shortly thereafter.
